Dear Fred:

Boy, I sure am proud of you. A few days ago when we were talking about the President elect of the American Medical Association I stuck my chest out and said, "I used to know him".

I assure you, Freddy, that there is no one in the United States that is more delighted to know of your election than I. I imagine there is a lot of work to be done, but be sure to take care of your health.

Sincerely,

Wm. C. Chaney, M. D.
