1948

Dear Fred:

I want to thank you for your letter of June 3. When I wrote to you yesterday from the University I didn't realize that you had written to me. It was indeed sweet of you to take the trouble to write to me about my telegram. I just wanted to let you know again how pleased we all are by this honor, in fact we all feel that the Association has honored itself by making you their President.

I am so happy that you are going to be in Chicago because it will give both Isabel and me a chance to see you. It will also give the new Dr. Ochsner a chance to see you because he is going to be there also. Of course I am terribly proud of the fact that Akky is now a doctor, although I am afraid that they will refer to him as the young Dr. Ochsner and I certainly hate to think of being referred to as the old Dr. Ochsner. He graduated with many honors and of course we are very proud of him.

Thanks again for your letter and with love to Edith and yourself from all of us.

Yours very sincerely,

Alton Ochsner, M. D.  
ec
