Dear Fred -

I saw this in our morning paper and knew you'd be interested in it, tho' you may already have a dozen or so!! Just got back from Wyoming where I spent a week on Bob King's ranch. Wonderful, big country with much game - I got two big buck deer, one antelope and numerous duck, pheasant and sage hens - Hope you are going to White Sulphur for the big C=O meeting. Fred and I are going - Not much news here - It was good to see you at Edith & Keenland. My best as always -

Nick
