

USTLY famous, Perino's for eighteen years has stood for the world's most tasteful cuisine, served under the personal supervision of Alexander Perino himself. For your host is a restaurateur of the old school, started his apprenticeship as a youngster and has devoted a lifetime to the art of pleasing the palate. He has been twenty-five years in California, most of it in the intimate little restaurant on Wilshire Boulevard where he served an ever-growing and always-appreciative clientele.
