Dear Fred:

Perhaps you will remember what a Lulu-bird is! They always fly high and are hard to get.

Permit me to congratulate you upon your election as President-Elect of the American Medical Association. Please tell your good wife that I send my very best wishes to her, and that I know she has had no small part in your continuous progress in the practice of surgery and the interest you have in the progress of the practice of medicine.

Sincerely yours,

*Gilbert*
