Dear Dr. Rankin:

In company with your many friends in this vicinity, I was distressed that you could not remain with us longer, but of course I understood perfectly the circumstances. It was nice of you to go to so much inconvenience to be with us and I want again to thank you for your kindness.

Of course I enjoyed your talk greatly. Since the death of Dr. Judd, it is my personal opinion that the mantle of the premiere surgeon of America falls upon your shoulders. I was greatly honored that you consented to participate in our program at Greenville.

It is nice of you to invite me to Lexington and I certainly hope to avail myself of this opportunity.

With kindest personal regards,

Sincerely yours,

*W. H. Parsons*
