Dear Frances -

Have just written to Richie but don't know much about what I'm writing as every body is talking. I went to church yesterday as Mr. Graves preached. Just after I left Eddie came & just after I came home Belle & Sam came. They had left hurriedly to avoid entertaining some woman (Belle hadn't had her breakfast so ate here & they stayed until 9.30 last night. In the afternoon Papa Sam, Belle & I went to Shohola Falls. They were very pretty but Sam drove 45 mi. some of the time so I was almost sick at my stomach. The man who bought Bulls place was up Sat. Papa met him & thinks he's nice but very funny. Gas man's have sold + the place where Bishops lived back of West brook's has been sold to a wealthy City man for 7000.00. last night Barentzen van Immergen was here after ours. Think he will pay the price. What do you
