

## RESCUE FROM BLINDNESS

The best made people at any single institution  
deserve to be rescued from their blindness  
and to be made, when a railroad.

There are thousands in the Mountain State, probably  
in other States within 20 miles, who think  
their blindness has come from a bad habit of reading.

## KENTUCKY, PROTECT SIGHT

Kentucky needs laws providing

1. That physicians and oculists report  
sightless of eye, vision and hearing  
and eyes among young children to the  
State of Kentucky, within six weeks.

2. That State of Kentucky provide ade-  
quate treatment for such reported cases.

3. That in every birth notification card  
shall be statement to show whether or  
not the physician or midwife has used a  
preventive for children's eyes, and.

4. That teachers report to State Board  
of Health the number of all cases of eye  
disease in school.

5. That until medical inspection of that child  
can be reported, teachers be the one of the  
state, and that the control of such in the  
state of Kentucky be under the control of the  
state of Kentucky and that teachers be  
the one of the state and that teachers be  
the one of the state.
