UNIVERSITY OF KENTUCKY

LEXINGTON, KENTUCKY, FRIDAY, MAY 17, 1935

ALL-CAMPUS SPRING FORMAL TOMORROW NIGHT, 9-12

NEW SERIES NO. 59

ENGINEERS' DAY TO BE OBSERVED TODAY AT U. OF K.

Plants, Laboratories, Shops and Equipment of Engineering College to Be Inspected

STUDENTS, FACULTY OUTSIDERS INVITED

Senior Students of College to Act as Guides for Visitors

Engineers' Day will be celebrated on the campus today, when the College of Engineering will be open to visitors from 10:30 until 4:30 p. m.

With the senior students in the engineering colleges acting as guides, the visitors will be escorted through the various departments.

Another exhibit of interest will be the Wendt Forge shop, where work will be on duty to demonstrate the work of the students; the wood shop, machine shops, iron foundry, aluminum and brass foundry, the mechanical and electrical laboratories, will also be open for visitors.

The theses of the seniors consisting of various engineering projects will be open to inspection. In addition to the technical display, the visitors will be afforded a chance to view the scenic spots on the campus. The rock garden, one of the most beautiful spots on the campus, located near the Mechanical hall, will be open for inspection, as will other places on the campus.

GREEK COUNCIL HOLDS ELECTION

Frank Daily, Frankfort, Is Selected by Interfraternity Group to Head Organization Next Year

Frank M. Dailey, junior in the College of Commerce, was elected president of the Interfraternity Council Monday night at the regular meeting at the Alpha Tau Omega house.

He is a member of the Pi Kappa Alpha fraternity and was on the tennis team last year. Mr. Dailey is a member of Lamp and Cross, the University band, and as president of the council, is automatically a member of the Student council.

James A. Moore, Washington, D. C., was elected vice-president of the council. Mr. Moore is a member of the Sigma Nu fraternity and is a junior in the College of Arts and Sciences. He is also a member of the Phi Kappa Phi Honor Society, the Literary society, and the tennis team.

Richard B. Brown, Williamson, W. Va., was elected treasurer of the organization. He is a junior in the College of Agriculture, a member of the Alpha Lambda Tau fraternity, Block and Bridle, and Alpha Phi Omega.

The retiring officers are Walter B. Hunt, president; Henry McCown, vice-president; Elvis Stahr, secretary; and Tom B. Atkins, treasurer.

The purpose of the council is to foster a kindly feeling among the fraternities on the campus. Bimonthly meetings are held when problems and discussions are discussed and settled. The council is working on the problem of the exclusive dance system at the University. It is the desire of the council to have "Finales," a series of dances to be held for two or more consecutive days.

Miss Mary Wharton, a graduate of the University in January, will be the speaker at a banquet during the national convention of Phi Kappa Phi at the University of Kentucky, which will be held May 17 and 18, at Morgantown, W. Va. West Virginia University will be the host.

Class Day To Be Celebrated This Year By Seniors

Program to Include Quartet Numbers, Organ, Vocal, Xylophone Solos

Class day exercises by the seniors, a yearly custom which for the past two years has not been observed, will be held this year at 10:30 a. m. May 30, in Memorial hall, according to an announcement by the committee in charge of arrangements.

Features of the program include a musical program consisting of mixed quartet numbers, organ, vocal, and xylophone solos, the class oration by Phil Ardrey, the class history by Lucy Jean Anderson, the class grumbler, George Farris, and the class prophesy by Henry McCown. Ruby Dunn will render the vocal solos. Charles Ashford, the xylophone number, and Elizabeth Hardin the organ numbers. Members of the quartet will be Jean Foxworth, Willie Hughes Smith, William Greathouse, and Kenneth Allen. The program for goodbyes will be the committee.

The committee in charge of the exercises is composed of John P. Alley, Henry McCown, Don McClure, Betty Ann Pennington, and Margaret Walker.

EDITORIAL LAW BOARD CHOSEN

Journal Is Official Publication of Kentucky Bar Association

Appointments, based on scholastic priority, have been made to the editorial board of the Kentucky Law Journal for the year 1935-36.

Those who will compose the new board are: Roy Moreland, faculty editor; Faculty of the College of Law, executive officer; Albert R. Jones, student editor; John Geyer, managing editor; John Evans, business manager; George Skinner, news editor; and Tom Hall, circulation manager. Members of the staff are: Jay Arnold, John L. Dyer, W. J. Jett, J. E. Marks, Howard Whitehead.

The Journal is the official publication of the Kentucky State Bar association, from which has been chosen an advisory board Judge Charles I. Dawson, Louisville, is its chairman, and other members are: Thomas C. Mappother, Louisville; James C. Wheeler, Paducah; Bruce Morford, Cadiz; C. W. Bertsche, Newport; James Park, Lexington; Richard Priest Dietzman, Frankfort; Uie J. Howard, Covington; E. F. Trubee, Louisville; C. S. Snow, Lexington; Church Ford, Georgetown; J. B. Snyder, Harlan; Perry B. Miller, Louisville; Joseph A. McClain, Jr., Louisville; Robert T. Caldwell, Ashland; Colvin Ross, Versailles; and James Stiles, Louisville.

Appointment to the editorial board and satisfactory work thereon and selection for the Order of the GOLF are the highest honors to be obtained in the College of Law, and the members of the staff who have attained a standing of 2.0 are appointed to the staff where, in addition to the honor and experience which the appointment brings, they have the opportunity to render valuable service to the law school in turning out a creditable law review.

The Kentucky Law Journal is published quarterly at the College of Law, University of Kentucky, by students and consists of contributions from law teachers, practicing attorneys, and judges throughout the country.

Class of '25 Plans Reunion Luncheon

Paul Matthews, class of '25, supervisor of music in the Lexington city schools, recently called a committee meeting of a few Lexington members of the class of '25 to perfect plans for the tenth reunion of the class on May 30.

Misses Annie Kelley, Bess Parry and Helen King attended the meeting and arranged for a reunion luncheon to be held May 30 at 12:30 p. m. in the ballroom of the Lafayette hotel. All returning members of the class of '25 are expected to attend the luncheon.

Senior Ball Bids At UK Postoffice

Tickets for the Senior Ball can be secured at the post office on or after Thursday, May 23. The senior ball will be a one-night affair and one date bid. Each junior will be allowed the choice of either one stag or one date bid. The orchestra has not been definitely decided on, but efforts are being made to get a nationally known band.

PINAFORE OPENS AT GUIGNOL FOR THREE-DAY RUN

Ruby Dunn, C. T. Hertzsch and Daves Thompson Have Leads in Comic Light Opera

FIRST PERFORMANCE IS WELL RECEIVED

Stars of Play Well Supported by Able Cast of Students

By ELIZABETH ANN MILLARD. "Pinafore," Gilbert and Sullivan's opera, which is being staged by Strollers, student dramatic organization of the University opened Thursday night, May 16, at the Guignol theatre, under the direction of W. T. Bishop and Eleanor Randolph. These student directors were assisted by Frank Fowler, director at the Guignol, Miss Mildred Lewis, instructor of music at the University, and Miss Rebecca Averett, instructor of athletics. The "H. M. S. Pinafore," having been witnessed by an enthusiastic and appreciative audience on its opening night, will sail on through performances on Friday night, Saturday afternoon, and Saturday night.

The setting for the opera is the main deck of the "H. M. S. Pinafore," looking quite nautical with its bridge, its ladders, and its rigging. Although very simple, the stage setting is a good one, and the effect created very realistic. Miss Ruby Dunn, who charmingly portrays the Captain's daughter, Josephine, is well known for her lovely voice and gracious manner. She has sung with the University Philharmonic orchestra, with Andy Anderson's orchestra and in Mendelssohn's "Elijah," in which her singing was most highly acclaimed. Miss Dunn's latest success is her recital, presented recently, in which

WHAS TO GIVE PROGRAM FOR U. OF K. ALUMNI

Light Opera Selections of the Periods of Classes Holding Reunions to Be Used

Light opera selections typical of the periods of the classes holding reunions these will be featured of a special Alumni broadcast from the University Extension studios, May 30 from 10:35 to 11 p. m., C. T.

Members representing the reunion classes will extend greetings to members of their respective classes each talk student soloist to accompany over the nation, and followingpanied by the studio orchestra, will render the opera selections. The broadcast will be held in studio one in the Art Center and all visiting alumni and their friends are cordially invited to be in the studio and witness the broadcast.

Last All-Campus Hop Slated For Saturday Night

Shiny Herrington and His Orchestra Will Furnish the Music

The last of the series of seven "All-Campus" dances, sponsored by the Men's Student and Interfraternity council in cooperation with Frank T. Jones and Sarah Blanding, will be held in the Alumni gymnasium tomorrow night from 9 o'clock to 12 with Shiny Herrington and his orchestra furnishing the music.

The usual admission of 25 cents couple will be a spring formal. Only college students will be admitted. It was decided to have the dance on Saturday, next Wednesday night will be just before examinations and many students would not be able to attend.

Started the last week in March, the dances, promulgated by Dean Jones to give all students an opportunity to get together at some social affair, were held every other week. However, their increasing popularity caused the committee in charge to make it a weekly affair.

A total of about \$500 has been made so far on the dances, according to a report of the committee in charge, which is composed of John P. Day, Henry McCown, and Bud Hunt. This money will be used to purchase a grand piano for use at dances and other affairs in the gymnasium.

Executive Board Gives Dinner For U. of K. Women

Last of Season's Meetings Held at Home of Dean Blanding

The executive board of the Lexington branch of the American Association of Women's University Extension, Women's Women was hostess to the members of that organization at a buffet supper, May 14, at the country home of Miss Sarah Blanding, Dean of Women of the University.

This meeting was the last of the season. Following the supper Mrs. Frank Murray introduced the newly elected first vice-president, Miss Gertrude Flora, and the treasurer, Mrs. W. A. Price. Mrs. Alvin Evans, Mrs. Amos Ebin and Miss Chloe Gifford were members of the transportation committee, arranging the transportation of the guests. The supper hostesses were Mrs. Frank Murray, Mrs. P. K. Holmes, Miss Gifford, Miss Julia Allen, Mrs. Allen Cloyd, Mrs. Frank L. McVey, Miss Sarah Blanding, Miss Anna Peck, Mrs. W. S. Taylor, Mrs. Alvin Evans, Mrs. Walker Edwin Smith, Mrs. A. W. Walker, Mrs. D. H. Starns, Mrs. J. C. Hanley, Mrs. W. A. Price, Mrs. James Strauss, and Miss G. J. Wade.

COMMENCEMENT WEEK TO BEGIN WITH FIELD DAY

Chattanooga Editor Will Deliver Graduation Address to 350 Senior Men and Women

SENIOR BALL WILL BE GIVEN MAY 29

Dr. Arthur Braden to Preach Baccalaureate Sermon in Memorial Hall

Approximately 350 senior men and women of the University of Kentucky will be graduated at the close of commencement week on Saturday, May 18, at 10:30 a. m. Field day morning, May 31, in the Alumni gymnasium.

George Fort Milton, well known journalist and lecturer, and editor of the Chattanooga News of Chattanooga, Tennessee, will be the speaker at the commencement exercises to be held at 10:00 a. m. Friday in the Alumni gymnasium. Luncheon at the University Commons will be held at 12:30 p. m. a meeting of the Alumni Association at 2 p. m. and a radio salute to the University will be given by the University extension studios of WHAS at 10:35 o'clock Friday night will complete commencement week.

The annual senior ball will be held at 9:00 o'clock in the Alumni gymnasium Wednesday evening May 29. Affairs of Thursday, May 30, will be begun with breakfast in honor of the graduating seniors at 8:30 a. m. at the home of Dr. and Mrs. Frank L. McVey. From 9 a. m. until 10 a. m. the Alumni will register in the Administration building, and at 10:30 a. m. the seniors will entertain with their annual class day exercises in Memorial hall. A meeting of the Board of Trustees of the University will also be held at this time. Baccalaureate services will be held at 3 p. m. in Memorial hall with Dr. Arthur Braden, president of Transylvania College, delivering the baccalaureate sermon. Music will be furnished by Mrs. Lela Cullis, organist, and Mrs. J. P. Johnston, soprano soloist. Dr. and Mrs. McVey will be at home at 4:30 p. m. to all members of the graduating class, their guests and the Alumni of the University. The annual Alumni banquet will be held at 7:00 o'clock Thursday evening at the Phoenix hotel.

BAND TO HAVE BANQUET

The members of the University band will hold a banquet Saturday night, May 18, in the Lafayette hotel at 7 o'clock. President McVey will speak before the group and their guests. The program will consist of songs and several vaudeville acts presented by both professional and amateur stars.

Besides President McVey, the guests will include Major Brewer, Lieutenant Criswell, E. G. Sulzer, former band director, Dean Boyd, Professor Lampert, John Lewis, present band director, Miss Phyllis Caskey, band sponsor, and Margaret Walker, former band sponsor.

- 2:00 p. m. Meeting of the Alumni association, University Commons.

President

DE FRANK L. McVEY

A Message From The President

To Alumni and former students of the University: Greetings and good wishes to all in this new venture of using the Kernel as a means of talking to alumni and former students. I hope you will enjoy this number and as you read it, I have the hope also that you will think of your University. Come to see us when you can. Keep in mind the Commencement dates, May 30 and 31, and the Homecoming date, October 25. And then there are the more prosaic days when the University does its daily work. You will be welcomed there just as heartily. We here at the University want to know what you are doing and we want you to know what the University is doing.

Good luck and best wishes. Signed, FRANK L. McVEY, President

U. K. WOMEN'S FRATS INDUCT NEW MEMBERS

Mortar Board and Cwens Initiate Women's Campus Leaders at Spring Services

The past week was marked by initiations held by two major women's honorary fraternities, Mortar Board, senior women's society, and Cwens, honorary fraternity for sophomore women.

Mortar Board is the highest honor a junior woman can achieve, as election is based upon high scholarship standing, service to the University, character and leadership in extra-curricular activities. Mortar Board held their initiation Tuesday, May 14, at 5 o'clock at the Women's building, the initiation being followed by an informal banquet at Wellington Arms Apartments.

Those who were initiated into the fraternity were: Martha Christian, Horse Cave; Martha Pugett, Lexington; Frances Kerr, Lexington; Betty Moffett, Lexington; Mary Gandy, Lexington; Virginia Murrell, Somerset; and Isabella Nadelstein, Brooklyn, New York. Cwens, national sophomore women's organization, held their initiation Monday, May 13, at 5:30 p. m. in the "Bibi and Bridle" room of the Phoenix hotel. The fifth anniversary of the organization on the University campus was celebrated by a banquet after the initiation. Those initiated into the organization were: Mary Lou Stark, Eleanor Randolph, Ruth Eton, Ann Lyons, Ann Lang, Martha Ammerman, Marjorie Jenkins, Frances Sandler, Theodora Nadelstein, Dorothy W. Wenderlich, Dorothy Murray, Julia Wood and Martha Sue Durham.

Crain Is Elected U.K. Track Captain

Jack Crain, Jackson, Ky., junior in the College of Arts and Sciences, was elected captain of the 1936 track team at a meeting of the letter men held in the Alumni gymnasium Wednesday afternoon.

Crain is a member of the mile relay team, and also participates in the quarter mile event. The new captain is active in campus affairs, being a member of Scabbard and Blade, Pan-Politic, Lances, Omicron Delta Kappa, Alpha Delta Sigma, Alpha Phi Omega, and member of the Kentucky staff, Pershing Rifles, and battalion adjutant in the R.O.T.C. He is also a member of the Delta Tau Delta social fraternity and received a plaque for the most valuable man in his fraternity for the year 1934-35.

FIELD DAY OF U.K. CADET REGIMENT WILL BE MAY 22

Governor of Kentucky, Prominent Army Officers to Be Present for Exercises

TROPHIES OF MERIT WILL BE AWARDED

Individual, Company Competitive Drills Will Be Program Features

The annual Military Field Day and R. O. T. C. graduation exercises will be held on Wednesday, May 22, at Stoll field, according to an official statement made by Major Brewer.

The program will start with the assembly of the regiment and immediately afterwards the unit will pass in review in honor of the president and deans of the University. Competitive company drill and individual drill will be next on the program. The presentation of the trophies for the advanced course, R. O. T. C., will follow this. An exhibiting drill by Pershing Rifles, the awarding of prizes and the oath of office to graduates will follow in order. The program will close with a parade in honor of the R. O. T. C. graduates and reserve officers.

The state convention of the Reserve Officers will be held at this time and they will attend the program. Brigadier General Guy B. Standing, Fort Knox, will be present and General Standing will present the commissions. Governor and Mrs. Ruby Laffoon, General Giles-Carter, Lieutenant Colonel J. P. Barey, Colonel E. M. Beaumont, H. H. Demhardt, and Colonel Charles I. Mitchell will be among those present at the exercises.

The following awards will be given during the exercises: University Cup, awarded to the company with the highest scholastic standing in Military Science; Colonel Freeman Cup, awarded to the company winning in drill competition; Rotary Club trophy, awarded to the graduating member of the Advanced Course, R. O. T. C., with the best requirements for good citizenship.

(Continued on Page Eight)

TOURNEY CANCELLED

The fifth annual high school tennis tournament, slated to be held Monday, May 20, at May 17 and 18, has been cancelled due to the wet condition of the courts. The tourney is sponsored by the Department of University Extension.

O. D. K. TO HOLD ANNUAL SPRING RITES MAY 20

Nine Men Will Be Taken into Campus Leaders Group Monday Afternoon at Memorial Hall

Omicron Delta Kappa, national leadership fraternity, will conduct their annual spring initiation on Monday, May 20, at 5:30 p. m. in Memorial hall. At 6:30 o'clock a dinner will be given at the Pabst in honor of the new initiates. Following this dinner the officers for the coming year will be elected.

The new initiates are Dave Dillard, Dick Boyd, Harry Sheel, Claude Terrell, Kadell Kremer, Jack Crain, Frank Brooks, Harold Miller, and Bill Greathouse. The retiring officers for the organization are Henry "Hank" McCown, president; Bill Cundiff, vice-president; Cameron Coffman, secretary; Roy Moreland, treasurer, and R. D. McIntyre, faculty adviser.

Henry McCown will be in charge of the initiation and he will also act as toastmaster at the dinner given for the new initiates.

Kampus Kernels

The Catholic club of the University will meet Sunday morning with Mr. and Mrs. Walter Hillenmeyer, Jr., at their home on the Georgetown road. Breakfast will be served and afterwards Prof. W. S. Webb of the Physics department of the University will speak.

All persons in the city having houses and rooms to rent for the summer are requested to list them as soon as possible at the Dean of Men's office in the Administration building.

Weddings

Mr. and Mrs. John H. Williams, Ashland, have announced the marriage of their daughter, Ann Marie, to Mr. Walter Daniel Sparks, son of Dr. and Mrs. R. D. Sparks, West Liberty.

The ceremony was performed Saturday by Dr. Arthur Braden. Mr. Sparks graduated from the University where he was a member of the Campus club, now Sigma Phi Epsilon.

The marriage of Miss Marian Sue Oldham, Owensboro, and Mr. Chancellor E. Harris, Ashland, was solemnized Saturday afternoon at the home of the bride's parents. Mr. and Mrs. Harris are graduates of the University.

Mrs. Stella Lindon, Campton, announces the marriage of her daughter, Rosaline, to Mr. William D. Emrick, Lexington, son of Mr. and Mrs. Osborne E. Emrick, Germantown, Ohio, which was solemnized Saturday night at the bride's home. The bride attended the University for one year.

Miss Amanda Walters and Mr. Charles M. Prater were married Saturday, April 27, at the home of the bride's aunt, Mrs. Sue Preston, Paintsville. The bride attended the University.

The Federal Narcotic farm were shown to the visitors.

The visitors were: Mr. and Mrs. Horace Sawin and Master Sawin, Lexington; Mrs. W. L. Salyers, Miss Mary Alice Salyers, Mr. James Salyers, and Mr. R. K. Salyers, Lexington; Mr. and Mrs. E. A. Baker and Miss Jean Barker, Louisville; Mr. and Mrs. Herbert Wheeler, Paintsville; Mrs. J. D. Hodson and Miss Ruth Ellen Hodson, Louisville; Dr. and Mrs. A. W. Plummer, Millersburg; Mr. and Mrs. E. H. Metcalf, Louisville; Mr. and Mrs. O. W. Stanley and Master Barney Stanley, Frankfort; Mr. and Mrs. James R. Rash, Henderson; Mr. and Mrs. G. Rose and Miss Betty Rose, Fort Thomas; Mrs. E. T. Walker and Mr. William Walker, Henderson; and Mr. Harold Huber, Louisville.

Mrs. Pedigo was assisted in serving by Miss Elizabeth Leslie.

Inter-fraternity Council Officers
 Inter-fraternity Council elected officers for the coming year at their meeting last Monday night. The officers are: Frank Dudley, Pi Kappa Alpha, president; James McMillan, Sigma Nu, vice-president; John H. Bell, Alpha Gamma Rho, secretary; Dick Brown, Alpha Lambda Tau, treasurer.

FRATERNITY ROW

Coach Arch Riehl of Barret Manual Training High school, Henderson, was a guest at the Kappa Sigma house last week-end. Messrs. Charles Noyes and Cabell Posey, Henderson, were week-end guests at the Kappa Sigma house. Mr. Posey is a member of the centre College. The luncheon was at noon Tuesday.

Miss Carolyn Sparks spent the week-end at her home in Russell. Miss Kitty Cooke visited in Louisville last Wednesday.

Mr. Bill Edmunds returned Monday after a short trip to New York. Miss Jane Bell Goodwin returned last week from California where she spent the winter.

Miss Jane Turner has returned from a visit to New York. Dinner guests Sunday at the Delta Tau Delta house were Dean Neuhard and Julia Brown.

Mr. and Mrs. Keeling Pulliam, Los Angeles, Calif. are visiting in Lexington. Mr. Pulliam is an alumnae of the University.

Mr. Wendell Harper, Alpha Lambda Tau, spent the week-end in Louisville.

Mrs. H. H. Mufferman is to be a guest at the Alpha Gamma Delta house for two weeks.

Messrs. Dean Payne and Cliff Gill Covington, are guests this week at the Sigma Chi house.

Kappa Delta Luncheon
 Epauline Omes of Kappa Delta will entertain with a luncheon at 1 p. m. Saturday at the Lexington Country club. The guests of honor will be about 50 girls who are planning to enter the University next fall.

A color scheme of olive green and white, the sorority colors, will be carried out in the decorations of spring flowers and candles.

After the luncheon the guests will return to the chapter house where they will be entertained.

Zeta Tau Alpha Tea
 Zeta Tau Alpha entertained with a tea Wednesday at the chapter house in honor of alumnae, patronesses, and rushesses. The house was beautifully decorated with spring flowers.

In the receiving line was Miss Frances Bush, president, and Mrs. Francis, housemother. Delightful refreshments of cake and strawberries were served.

Mothers' Club Organized
 A Mothers' club of the Triangle fraternity was organized at the chapter house Tuesday afternoon.

The following officers were elected: Mrs. Ethel Fish, president; Mrs. Forbes, vice-president; Mrs. Earl Barton, recording secretary; Mrs. L. H. McChain, secretary and treasurer.

Among those present were Messdames Buchanan, Robertson, Hoffman, Spicer, Reeves, Lewis, Sparks, Scudder, Patterson, J. K. Sparks Jr., and Stoutenbarger.

Kappa Sigma Mothers' Day Celebration
 Beta Nu of Kappa Sigma entertained the mothers and parents of the chapter at dinner Sunday.

The dinner was followed by a program of fraternity songs by the chapter members.

Mr. Harry Walker, retiring president; Mr. Bill Rose, president, and Mrs. Daisy Pedigo, the chapter housemother, gave short welcoming addresses to the guests. During the afternoon a tour of the Bluegrass was made and such interesting spots as the Veterans' hospital and

OLD ADMINISTRATION BUILDING

Many returning grads will recognize this picture of the Administration building as it appeared years ago. Since then the tower has been removed and other changes made in and about the building. Time was when the cannon, which still retains its place on the campus, boomed forth in the stillness of the night or served as a reminder to recalcitrant freshmen that seniors would not brook no disobedience to campus rules. Today, plaged with cement, it stands as a familiar landmark to grads of days gone by.

Notice, Strollers Alumni!

Dayton, Ohio, and today they will play Western State Normal team of the Lexington Country Club course. The Dayton boys have one of the strongest teams met by the Wildcats this season, and in the last game the Kentucky team met them in two years ago, Dayton won by a 17 1/2 to 1/2 score.

Stroller alumni are making plans to stage a celebration in honor of Strollers' twenty-five years of history.

Pineville, Ky., is president of this alumni association; Emory L. "Fritz" Frazer, Whitesburg, Ky., attorney and one of the officers of the Clerk of the Senate, Washington, D. C., is vice-president, and the writer is secretary-treasurer.

According to Leo J. Sandmann, Louisville attorney, the date of October 25, 1910, was held of Strollers. He and Tom Hadden "started the ball to roll". Herndon Evans, editor of the Pineville Sun, of

Stroller Alumni was organized at an informal supper-meeting held in the Red room of the Lafayette hotel, Lexington, the night of the

MISS LIGON WINS TOURNEY
 Miss Elizabeth Ligon was the winner of the silver loving cup at the annual girls' gymnastic tournament of the Henry Clay High school, held under the direction of Mrs. Chester D. Adams, supervisor of physical education for girls. The cup is presented to the girl selected by the judges to have excelled in accuracy, skill and grace.

Married teachers are favored over single teachers, according to a recent survey conducted throughout the U. S.—Varsity.

A new advance in intellectual pursuits has been made at the University of California, by the way. The coeds have organized a Women's Auxiliary to the football team.

ATHLETES SAY:
"THEY DON'T GET YOUR WIND!"

Read below what leading sports champions say about Camels

With the preference of star athletes overwhelmingly for one cigarette, that cigarette has to be exceptionally mild! Its name is well known to you—Camel. Here's what an Olympic champion diver, Harold ("Dutch") Smith, says about Camels: "I've found a great deal of pleasure in Camels. They never interfere with my mind." Rip Collins, of the St. Louis Cardinals, says: "Here's the best proof I know that Camels are mild: I can smoke them steadily, and they never get my mind."

Rowland Duffon, of the New York A. C., says: "Squash is a game that requires A1 condition for tournament play. I've found that Camels are so mild I can smoke all I want, and they never upset my nerves or get my mind. That's what I call mildness!"

Dick Shelton, world-champion steer dogger, says: "I must be sure the cigarettes I smoke are mild. Camels are very mild—don't get my mind." And those two brilliant golfers, Denny Shute and Helen Hicks, have come to the same conclusion—"Camels do not get my mind."

How this mildness is important to you too!

Camel smokers can smoke more—and enjoy smoking more, knowing that sports champions have found Camels so mild that they never jangle their nerves or get their wind.

YOU'LL LIKE THEIR MILDNESS TOO!

YOUR OWN PHYSICAL CONDITION is important to you too. So remember this: Camels are so mild you can smoke all you want. Athletes say Camels never get their wind or nerves.

COSTLIER TOBACCOS!

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

WHAT ALUMNI ARE DOING

Through the efforts of former Dean of Men, C. R. Melcher, a partial list of alumni and their present locations has been compiled.

Alfred M. Peter, one of the oldest living graduates of the University and professor of soil technology, chemist, is working a manuscript for the transactions of the Kentucky Academy of Science.

James R. Johnson is professor of applied mechanics at the University. He has two children.

Mary L. Didlake, valedictorian of her class, is associate entomologist and botanist at the Experiment Station and is Life Member of the Garden club of Lexington.

Rufus L. Weaver, counselor of law in New York City, is head of the University of Kentucky club of New York. Mr. Weaver has four daughters, two of whom are married.

Job D. Turner, member of the "Immortal" football team, is head of the department of feeding stuffs at the Experiment Station. He was editor of the Kentucky Alumnus from 1912 to 1917. Professor Turner has four sons, two of whom are graduates of the University and one a student at the University.

George Roberts is assistant dean of the College of Agriculture at the University and has just prepared a history of the school. He has four children and they are all graduates of the University.

William J. Craig is director of personnel at Western State Teachers' College in Bowling Green where he is known as "Uncle Billy." He has had a number of short stories published in some of the popular magazines.

Lewis N. Taylor is state director of negro education in Kentucky. He has two children, both of whom are married.

Carroll H. Gullion has been industrial engineer for Swift & Company in Chicago since 1921. He has three sons and he is now studying European factories in London, Antwerp, Berlin, and Paris.

Henry B. Darling is engaged in business in Augusta, Ga.

Robert C. Terrell is civil engineer for the State Highway department. From 1908 to 1912 he was professor of highway engineering at the University.

Wylie B. Wendt is head of the civil engineering department at the University of Louisville. In 1930 he received a C. E. degree at the University of Kentucky.

Charles A. Mahon is state leader of county agents in Kentucky.

Arthur B. Beaumont is engaged in teaching and research at Massachusetts State College at Amherst, Mass.

Leo Brower, who has written a number of book reviews in the Texas Law Journal, is a lawyer in San Antonio, Texas.

Thomas R. Bryant has been assistant director of agriculture in extension at the University for a number of years. He is married and has two children.

Mary H. P. Holcraft, in 1921 and 1922, spent 18 months abroad. With her husband and son she visited 13 countries in Europe and lived five months in Rome, Italy. Her home is in Aurora, N. Y.

Ray B. Taylor is a research chemist for the Du Pont company at Wilmington, Del. From 1913 to 1918 he was with the United States department of mines.

Pearl E. Hinsley, since 1913, has been head librarian of the Roanoke public library at Roanoke, Va.

John S. Horine is associate professor of drawing at the University. He has two sons.

Virgil Y. Moore is a member of the law firm, Smith, Moore & Lucas, in Washington, D. C. He has one son, James E. Moore, now a junior at the University.

Harvey A. Babb has been superintendent of city schools at Mt. Sterling for 15 years and has three children.

Jesse I. Miller is an attorney-at-law in Washington, D. C.

Douglas D. Felix is a member of Congress from Florida.

Walter C. Jetton has been principal of Tighman High School in Paducah since 1922.

Clarence E. Richardson is professor of mathematics at Bucknell University in Lewisburg, Penn.

Edward T. Baker, who lives in Chicago, is an air conditioning sales engineer.

Herman L. Donovan is president of Eastern Kentucky State Teachers' College at Richmond.

Allen W. Gullion, since December, 1923, has been deputy administrator of the NRA in the territory of Hawaii with offices in Honolulu.

Julian L. Pinkerton's work in the consular service has taken him to London, Norway, Africa, Portugal, British South Africa, and Brazil. After July 1 he will be in Berlin, Germany.

Edwin T. Proctor, after serving four years as principal of the Paris High School, became general agent in Tennessee for the Northwestern Mutual Life Insurance Company.

N. Gray "Rooster" Rochester, Arts and Sciences, is principal of customs in the Federal building in Louisville. He was selected president of the Louisville Federal Employees' association in April of this year. "Rooster" was known on Stoll field for his baseball ability.

Capt. James D. Sory died recently in Louisville of a throat infection. After service in the World War, during which he was chief of staff and division intelligence officer of the 38th Division, Captain Sory engaged in law practice in Madisonville. Since 1922 he had in Madisonville.

Earle C. Clerewether is judge of Union county court at Morganfield.

William P. Tuttle lives in Pala, Temple B. Holcroft attended the International Mathematics congress at Zurich, Switzerland, in 1925 and at present is professor of mathematics at Wells College, Aurora, N. Y.

Company in Louisville. Mr. Cundiff served as secretary of the Kentucky Disabled Ex-Service Men's board, territory of Hawaii, where he is assistant manager of the Maui Pineapple Company.

Kenneth U. McGuire, husband of the former Miss Kathlene Howard of the class of 1916, died recently in Louisville. Mr. McGuire had been active for a number of years in the coal industry of Kentucky. Members of his immediate family surviving besides his wife, are Donald S. and Kenneth U. Jr.

Rebecca M. Smith is chairman of the English department at Texas Christian University in Fort Worth, Texas.

Mark Godman, since 1924, has been state supervisor of schools in Kentucky. His home is in Versailles.

George V. Page is head of the physics department at Western Kentucky State Teachers' College in Bowling Green.

Harry P. Pyle, who has two children, is superintendent of city schools at Irvine.

Bessie T. Conkright, copyeditor for the Louisville Times, has written several historical and general articles.

William W. Elliott is professor of mathematics at Duke University, Durham, N. C.

Charles E. Plank originated the "Sky Traffic" column in the Detroit Free Press. In 1924 he became advertising manager of Pennsylvania Air Lines.

Jesse W. Tapp is director of the agreements and leases of the AAA and a member of the Cosmos club in Washington, D. C. He is the author of many department bulletins and miscellaneous articles on farm economies.

Herndon J. Evans has lived since 1922 in Pineville where he is editor of the Pineville Sun newspaper.

John B. Juetz is a dental specialist at the University of Louisville.

Jesse (Oto) Osborne spends most of his time as dean and registrar of Bard's Teachers' College in St. Louis, Mo.

Raymond Rodgers is connected with the New York University as associate professor and secretary of the School of Commerce.

Ruth Baker is a commercial artist and portrait painter in New York City.

Gene Griffin, since 1924, has been manager of the Lexington Bureau of the Courier-Journal. His work on uncovering election frauds in Kentucky in 1923 was selected as the outstanding work of any Courier-Journal man in that year.

Robert L. "Bob" Porter, attorney for Sinclair Refining Company in Atlanta, Ga., writes to Dean Melcher.

"Please accept my good wishes for your good health and happiness. It has been, I say, these many years since I saw you, received a reprimand for some misdeed, or tried to plead mercy for someone else who has committed one. Dr. and Mrs. McVey were doctors a couple of months ago and I certainly was glad to see them."

Sarah G. Blasing is at the University as head of women, assistant professor in political science, and director of Camp Trull's End.

Roscoe Cross has studied law at Oxford University in England and is an associate of Putnam, Bell, Dutch & Santry in Boston.

William H. Hickson is now teaching at Bradford Junior College in Massachusetts. He spent the summer of 1933 in research work at the Harvard library.

Flavius B. Jones has written a text book on "Gas Firing of High Pressure Boilers," and lives, at present, in Pittsburgh.

Frederick A. Orth is advertising manager of the Federal Electric Company in Chicago.

John "Bob" Curry is a chemist for the Louisville Refining Company. As a hobby Mr. Curry is accomplished for Lectern, male chorus, which was founded in 1948. He has two children, Gene and "Jackie."

Robert B. "Bob" Clem is principal of Shawnee High School in Louisville. Mr. and Mrs. Clem have one child, Albert Breckinridge, born in March of this year. "Bob" was a member of note at the University.

James W. Cammack Jr., after teaching for a number of years, is state NRA compliance director. He has also contributed to a number of professional publications.

Ernest H. Cannon is registrar at Western Kentucky State Teachers' College in Bowling Green.

Hugh M. Meriwether lives in Lexington and is an architect.

Dr. James W. Bryan moved recently from the Heyburn building in Louisville to the Francis building in the same city. He is house physician at the Kentucky hotel, where he and Mrs. Bryan now make their home.

Dwight L. Blocknell, since 1924, has been financial officer of the Cincinnati Enquirer.

Marion E. Bunch has written a number of articles on psychological subjects and is assistant professor of psychology at Washington University in St. Louis.

Raymond K. Flegg became research chemist with Bauer & Black in 1932.

Roscoe C. Kash, in a letter to Dean Melcher, says: "I have short wave radio as a hobby and try to understand the German that the foreign stations use, but I guess the very best grade that I could make in that would be a low 'D.' Anyway, it's great fun, and I never hear German spoken that I do not think of the third floor of the Administration building."

Tom A. Ballantine has an office in the Inter-Southern building in Louisville and is a member of Mayor Miller's advisory council.

Stanley B. Cundiff is connected with the Lincoln Bank & Trust Company in Louisville. Mr. Cundiff, who did Glee club work at the University, is now singing tenor in the First Christian church choir.

Albert D. Kirwan has been teacher, football coach, and lawyer since graduation. His home is in Louisville.

John I. Owen teaches English at the University of Illinois.

V. L. Sturgill teaches and coaches the debating team in Ashland senior high. He also writes articles on poetry occasionally.

John D. Williams is school administrator in Norris, Tenn.

Robert E. Shaver is assistant professor of civil engineering at the University.

Robert W. Spicer teaches drawing in the College of Engineering at the University.

Maud E. Wilson and Emma I. Yates teach in Holmes High school at Covington.

Malcolm H. Filson, last year, became professor of chemistry at Ohio Northern University in Ada, Ohio.

Jessie D. Perkins contributes to popular magazines and teaches in Covington.

Ray R. Ray is professor of law at Southern Methodist University in Dallas, Texas.

Mrs. Sarah B. Holmes is assistant dean of women at the University.

Job D. Turner Jr., whose father graduated with the class of 1898, is an attorney and counselor of law in Lexington.

James S. Shropshire has been secretary of the Alumni association for three years at the University and is graduate manager of student publications.

Kathryn S. Wetzel is a dietitian and technician in Boston, Mass.

David M. Young is in the department of geology at the University.

William J. Brummette is inspector for the U. S. engineers and is located at Baton Rouge, La.

Morris T. Carpenter does research work for the Standard Oil Company in Whiting, Ind.

Virgil L. Couch is manager of the Lexington branch of the Indiana Refining Oil Company.

Clyde B. Crawley is professor of physics at the University of Alabama.

Martin R. Glenn is in charge of legal research for the Farm Credit association in Louisville.

Lydia A. Kavanagh is married to George R. Kavanagh and they have a daughter.

Alice R. Miller is seed analyst at the Experiment Station.

Lewis McRubbin teaches in Pulterton, Ky.

Burke C. Turner is assistant to land

the president of the American Life & Accident Insurance Company at Louisville.

Walter D. Vest practices law at Walton, Ky.

Hugh R. Jackson is executive secretary to the Governor's commission on unemployment relief in New York state.

Morton Walker teaches at Southern junior high in Louisville.

J. Banker White teaches at Holmes high in Covington.

Robert C. Besmon teaches mathematics in the Louisville junior high school.

Bruce B. Farquhar is graduate assistant in chemistry at the University of Cincinnati.

John P. Hall Jr., is research assistant at Princeton University in Princeton, N. J.

John O. Pasco, mechanical engineer, has written a report of housing survey at Central City. He is director of the CCC camp at Columbus, Ky.

Martha G. Griffin teaches kindergarten in St. Petersburg, Fla.

Marjorie F. Hoagland is assistant editor of public information for the College of Agriculture at the University.

Horace M. Miner will be a supervisor on the expedition to the Kin-head mounds, conducted by the University of Chicago. He was a chief of field party in the archaeological investigation of the Tennessee valley by the TVA.

Thomas M. Owsley Jr. and Thomas H. Rhodes are employed by the American Rolling Mill Company in Ashland.

Grace L. Snodgrass is librarian at the Experiment Station.

Paul H. Woods is a metallurgical engineer associated with the American Rolling Mill Company in Ashland.

Hey, Young Feller!

DID YOU LOSE YOUR SHIRT?

Well, Don't Worry

Just Enter the

GRAVES, COX-ARROW CONTEST

and you may win Several New Ones!

Here's how! Simply write up an ad, telling about the outstanding values of the Arrow-Sanforized Shirt. You do not have to buy anything to enter the contest.

Go to the Kentucky Kernel business office or to Graves, Cox & Company for newspaper mats and suggestions to aid you in preparing a prize-winning advertisement.

Act now! Read the following rules over carefully, and then send your entry in without delay.

RULES

- 1. Ad may be 3 columns wide and 10 inches high (or less).
2. Each contestant is limited to 3 entries but no contestant can receive more than one prize.
3. Contest is open to all students, except those on the staff of The Kentucky Kernel.
4. The 3 winning advertisements will be reprinted in The Kentucky Kernel. Graves, Cox & Company reserves the right, however, to reprint all or any of the entries submitted under the Graves-Cox signature.

- 5. All entries must be in the hands of the Contest Manager at Graves, Cox & Company before 5 p.m. Saturday, May 18. Bring or address entries to Contest Manager, Graves, Cox Arrow Contest, Graves, Cox & Company, Lexington, Ky.
6. Professor R. D. McIntyre will judge the entries.

PRIZES

- FIRST—Choice of 3 Arrow Mitoga Shirts, total value not to exceed \$6.00.
SECOND—Choice of 2 Arrow Mitoga Shirts, total value not to exceed \$4.00.
THIRD—Choice of 1 Arrow Mitoga Shirt, total value not to exceed \$2.00.

Advertisement for White Jacqueline Modes shoes, priced at 6.50. Includes an illustration of a woman in a hat and a high-heeled shoe. Text: 'Two "Perfect Beauties" White Jacqueline MODES 6.50'.

A WORLD OF GIFT IDEAS FOR GRADUATION

Advertisement for Hamilton and Elgin Wrist Watches. Text: 'Hamilton and Elgin Wrist Watches Imported Wrist Watches. Come in and look over our selection. There's something here that will please everyone—and you will find that our low prices will make it easy for you to stay within your gift budget. Fine costume Jewelry - - Necklace, bracelets, Rings, etc. \$2 up \$20.00 up'.

ADIEU

We have come to the end of a long trail and it is time for us to say goodbye, that is, through the news and editorial columns of the Kentucky Kernel, because this is the last edition that the regular staff of this student publication will offer during the current session. However, there will be one more issue of the Kernel, on May 21, but that will be the senior edition, and not by graduating seniors will prepare that particular publication.

Every year at this time, it is customary for seniors to put out one edition of the Kernel, and in that way they can keep a newspaper which they may call their own.

The editor takes this opportunity to thank the staff and others who have so heartily cooperated with him in his endeavor; their efforts are greatly appreciated. It has been through their hard work and wholehearted cooperation that the Kernel has enjoyed another successful year in every way. It is true that there is much work done by the staff of this newspaper for which staff members get comparatively little in return, except the pleasure and experience of serving as reporters or in whatever other position they might be called to work, but that seems to have been the way with every worthwhile thing that has ever been undertaken.

It is difficult at times to realize that it has been only twelve years since the movement was started that was to bring the Kernel to its present noteworthy status among collegiate publications. In that short time the Kernel has brought and paid for, with the exception of the pleasure and experience on a linotype machine procured last November, an entire modern and adequate printing plant. In saying this we do not forget that it was because of the persistent efforts of Prof. Enoch Greban, head of the English department of journalism, that this apparent miracle, that of being one of the very few student papers in the United States to purchase, out of its own earnings its own shop equipment, was performed.

And so we say farewell and bid adieu to the graduating seniors and to others—we shall remember to see you again next September.

HACK'S AXE

Fur has been flying—and rightly so—in the office of Intramural Director Hackensmith over the annual track meet which was held on Stoll Field several weeks ago. Mr. Hackensmith sharpened up his executive axe and succeeded admirably well in deciding what should be done about the dispute between the two Greek letter organizations, but very little toward settling the controversy in an intelligent, efficient, or irreproachable manner.

On the day of the meet, one of the fraternities participating called Mr. Hackensmith's attention to the fact that one of the greater contenders for the "Big Cup" was using an ineligible man in the competition. The group protesting the athlete's competition in the best based their arguments on F of Section 2, Article I in the Intramural By-laws which reads as follows:

"Before a pledge is eligible to compete for the organization of which he hopes to become a member at some future date, he must have signed the pledge card in the Dean of Men's Office. In other words, the prospective member must be officially pledged in the Dean of Men's Office before he is eligible to compete in intramurals for his organization."

It was a known fact that the boy had not signed the pledge card of release of a third fraternity, nor the card of membership to the fraternity under whose name he was entering the competition, and that such was directly against the

Pledge Laws of the Interfraternity Council which are incorporated in that group's constitution. Since every fraternity on the campus is a member of this council, each is required to abide by the laws of that group and from all appearances, based on the facts, Mr. Hackensmith would have to abide by his by-laws also.

Mr. Hackensmith, sharpening his "axe", attempted to cut himself away from the by-laws and personally declared the man eligible, but hearing the cries of the protesting fraternity, agreed to accept the decision of the Council on the matter as final.

After both organizations had presented their cases to the council, a committee of three members was appointed to act as the jury on the case with Professor Roy Moreland as judge. During the hearing, the deans paraded their argument on a technicality in Rule 4 which states, "Students who have been pledged to a fraternity and have been released from pledgehip either by their own action or by that of the fraternity are not eligible to compete in the annual until 30 days from the date of their release as recorded on their pledge registration card." The technicality consisted of the two words, "as recorded". A release had been filed after the meet, but dated one month prior to the time of the deans' parades. The pledge card was signed on the same day as the release, and dated prior to the track meet but not prior to the qualifying matches which, according to the intramural rules, are a part of the main event.

It is interesting to note that the well-founded argument, and the hearing was conducted in a commendable manner. Professor Moreland instructed the would-be jurors to decide the case either as the law read, which would be in favor of the defense, or as intended (and as he knew it was intended) which would be in favor of the offense. The decision was unanimously in favor of the offense.

Mr. Hackensmith, using the "axe", refused to accept this decision as final (in spite of his previous statement) and declared that the entire matter would have to be referred to the dean. Still unsatisfied, he referred the case to the apparently mythical "Intramural Board of Control", the membership of which seems to have been rather vague in the mind of the Intramural Director. Judgment was given to various lists of members he read upon several occasions. After meeting and hearing only the voice of Director Hackensmith on the question, this elusive body decided in favor of the defense and closed with the remark that "Mr. Hackensmith ought to be able to judge the eligibility of any intramural athlete," but from his actions during this controversy, he has proven himself not only incapable of such judgment, but has placed himself in the category of an incompetent so far as handling controversies of his department is concerned.

The Director's sudden change of mind and stubborn refusal to accept two verdicts in favor of the offense after a thorough investigation had been made, and his acceptance of a third verdict which was the result of a most inefficient investigation, places him in an extremely dangerous position as head of the intramural department which demands absolute impartiality to any one group.

Up to the time of the current controversy, Mr. Hackensmith has had an enviable record, but his handling of this situation and persistent use of the "axe of executive power," have caused no little doubt to be placed upon his ability to continue successfully in his present position. His final statements on the matter, which appeared in the May 10 edition of the Kernel, is evidence of his inefficiency. To quote from it:

"Since the interfraternity Council was in question themselves concerning Pledging Rule No. 4 of their Constitution and did not settle a final interpretation until after the Easter Vacation... the boy can not be affected by the new interpretation..." or, "The decision of the Intramural Director stands as given..." the boy is and was eligible on April 6."

The Interfraternity Council, according to the facts of the case, was never in doubt as to the interpretation of the ruling. There was no "new interpretation" and the only doubt was brought to the attention of the Judge by the defense and unanimously disregarded by the jury; therefore, Easter vacation intervening would have nothing to do with the case. The Intramural Director, by the use of his "axe," overrode his Department's by-laws

and declared the man eligible on April 6. It is not the intention of the Kernel to take sides with either of the controversial groups. This publication is for the students as a whole and such a gesture would not only be a betrayal of student trust, but extremely unwise. It is upon the theory that the duty of a newspaper is to interpret, instruct, and record facts accurately that the Kernel deems this opinion justifiable and appropriate at this time.

THE STUDENT UNION BUILDING

The generally and popularly accepted present-day conception of the functions of university life provides that the program should be a complete and well-rounded one in three aspects, namely, academically, socially, and physically.

Needless to say, our university has established itself academically and rates well among the nation's state universities. But this is not the question. It is with the second and third phases that we wish to deal. Whether the University provides adequately for its students socially and physically is certainly a matter of question. For in this connection, adequate and up-to-date equipment facilities for such recreation are necessary.

True, our university provides for such functions in a small way through its limited physical education plant. However, it leaves much to be desired. It is not our purpose to criticize those who arrange and supervise the yearly University social program. If mention of these officials were in order, only praise, rather than criticism, could justly be met. Thus to physical equipment do we confine our remarks. To be satisfied with the equipment and facilities at hand is as foolhardy as to neglect the standard of pagan civilization.

Its deficiencies are numerous. First, no club rooms for the meetings of various organizations, honorary and social, are provided. Instead, these organizations are compelled to meet at widely scattered places. If mention of these officials were in order, only praise, rather than criticism, could justly be met. Thus to physical equipment do we confine our remarks. To be satisfied with the equipment and facilities at hand is as foolhardy as to neglect the standard of pagan civilization.

Secondly, a ball room conducive to the atmosphere and prestige which should attend the better university dances is decidedly lacking. Instead, we must use the unsightly, barn-like, hall-purpose, man's gymnasium. In addition, such floor is too large for some functions and organizations are compelled to resort to the renting of down-town ball rooms.

Benquets at the University are numerous when are they held? A few actually take place on the campus, but the very great majority are held "off the campus". In order for such affairs to bear the true relation and connection to university life necessary for their proper conduct and perpetuation, such university functions should be given in a university building.

Athletically, the principal facilities lacking are provisions for swimming and bowling. These popular sports receive little if any attention, although there are many who ordinarily claim them as the principal form of recreation. We have facilities for such entirely lacking in little short of tragedy.

In addition, there is lacking a correlation of principal student activities, a centralization which is decidedly needed. An outstanding example is the need of more adequate facilities for student publications. In short, there is such a decided need for a student Union Building that we should take advantage of the slightest opportunity for the establishment of one.

Therefore, when such a golden opportunity for the perpetration of such a scheme presents itself as has been established through the efforts of Omicron Delta Kappa, campus leader's fraternity, and others, we immediately recommend the grasping of such an opportunity. Through the Federal Emergency Program an adequate loan could be secured to finance such a building and it in time would pay for itself through rental of club rooms, banquet halls, fees charged for use of the swimming pool and bowling alleys, etc.

TO THE ALUMNI

In order for a university to merit the prestige and renown which should ordinarily accrue to it, it must be known and recognized. Probably the principal and most outstanding means of recognition comes through the various alumni of the school. If the spirit and ideals of the college do not live in the hearts of its graduates, the school has failed in one of its principal functions.

The alumnus who brings credit to his school is usually one who has taken full advantage of his opportunities while in school to such an extent that he has stimulated in himself the desire for further pursuit of knowledge through experience and reading after leaving academic walls.

In this connection, the alumnus will logically look back on his school days and will view his college with pride because of the fact that there he discovered his better self, his abilities, desires and ambitions.

Such an alumnus will realize a two-fold responsibility. He will appreciate the opportunities for information which he has had, and will therefore not only show loyalty to his school through the support of movements for its betterment, but also will mark himself as a true student of education and its advantages, and thus will prove himself a credit to his school through his services to mankind.

Such a graduate will also realize the advantages of the traditions which he has inherited and will attempt to manifest them not only in his direct connection with the school but also in his daily life. He will in this manner mark himself as a gentleman and his alma mater as a gentleman's school.

With these remarks do we prepare this alumni edition. To those who have gone before and to those who in the future will be alumni do we dedicate it. In so doing we attempt to serve our school through instilling in the minds of its graduates that love for their alma mater which should ever be cherished by one who has abandoned its noble walls.

In so speaking we do not mean to convey the usual line of sentimental "hokey" which alumni boosters and university officials are wont to speak before graduates in banquet speeches, reunion addresses, or what-have-you, but rather to express a genuine thought in regard to the connection with one's institution where he has received his higher education. The house wherein one spent his childhood, the trees one played under, the green pastures in which one roamed, the spring one drank from and all these things are part of one's memory. This should one think of his college. He should regard it as a place where he caught a glimpse of life's purpose and therefore hold it sacred in his memory.

DON'T BLAME THE ADMINISTRATION

Numerous editorials have appeared in The Kernel of this and former years relative to the mediocre system of roads and walks which serve the University. All have placed the blame squarely upon the shoulders of the administration, and this one will not do so. THE STATE LEGISLATURE AND THE UNIVERSITY ALUMNI ARE MUCH MORE RESPONSIBLE FOR THE PRESENT SITUATION.

In a letter to The Kernel some months ago, a student stated that only \$50 a student is paid for the maintenance of roads and walks. This is exactly one-fifth correct—\$250 being the amount reserved for this purpose. However, even \$250 is entirely inadequate and the administration, through President McVey, agrees.

According to Dr. McVey, the University's sources of income are student fees, and state and national appropriations. For several years the institution has been operating on a reduced budget, and consequently some matters have suffered in favor of others. In order to choose those things which are most vital, the president asks the various deans and department heads, as for instance Maury Crutcher, superintendent of buildings and grounds, or some other, how much money should be operated their department.

These are all too high and must be pruned. Salaries, as they rightly should, have been maintained as high as possible, while certain necessary needs, such as coal, water, and light cannot be reduced. Their sources of income are selection during which the administration does its best for all concerned.

As previously stated, the culpable parties are the legislature and the alumni. These are the reasons: The alumni have not used what influence they might have with the legislature at Frankfort toward a

University budget which will fulfill all its needs. Other state colleges have proportionately higher budgets due to the lobbying of their alumni. Where are ours? The legislature appropriates a lump sum for all expenditures. An amount for the upkeep of buildings and grounds should be separate from the general fund and should be large enough to maintain the University at the standard which it should set as the educational representatives of the state of Kentucky.

Since the legislature is not in session at the present time nothing can be done to remedy this situation until its next meeting. The University Alumni association, however, ought to begin rallying its members to the support of the school.

Now what about that \$250? Where can it be used to the greatest advantage? It goes around McVey hall and the library most urgently need repair, and, generally, all walks which are not concrete should be made so. Dr. McVey has recognized this fact and has stated that the McVey hall area will be repaired next.

In order to completely concrete the entire system it would cost approximately \$109,020 at 17 cents per square foot for the walks and 25 cents per square foot for the roads. To concrete the McVey hall-library area, about 88,000 square feet, would cost approximately \$22,000. Our \$250 is I-438 (one-four hundred and thirty-eighth) of the required amount and consequently can only be used for repairs. This work the administration is doing.

Thus, we have seen that the present situation is not the fault of the administration, but rather due to a laxity upon the part of our alumni together with the failure of a state legislature to appropriate the sum of money for the maintenance of the University.

THROUGH THE AGES

What is the promoter's Utopia? Is it a place where the people are so glibly enough to accept any money-making proposition and are not wary enough to recognize the same scheme the next time they come in contact with it.

Is America not the answer to the promoter's dream? P. T. Barnum said that there was "one born every minute" but calculations reveal that this estimate accounts for only 525,600 "suckers" that are born in the United States every year. This total is wholly inadequate to take care of the great populace of the United States at large.

Ever since the first day that Man set foot on this earth, there has always been somebody trying to procure that which his fellow-man possessed. This trait is evidently hereditary, since it can be found prevalent than ever in the learned people of the modern generation.

Some of the twentieth-century methods of procuring that which our fellow man has, are the sale of fake oil stock, fake insurance, "confidence games," and latest of all, "Blair" and a proposal of marriage at the circus last week. It seems that Blair and some of our brothers journeyed to the circus and were attracted to one of the side shows... The Barker was exhibiting a human feminine nudist... The Barker asked her if she would like to have a husband... She squeaked out a reply... "In the affirmative..." He asked her if she saw anyone in the crowd she would like to have... "No, you guessed it..." She chose Blair.

Someone tells me to inform Sigalph Gene Shanklin that his notes in Archeology class are doing him no good... That the little lady in question is wearing a fraternity pin and from all indications she will keep it for some time... Sorry Gene, maybe we can sympathize with you.

Sour Grapes Midge?

Kappa Midge Wheeler was reported to have said after she heard that Sigalph Gene Bryant, her former lover, had pinned the all-time "Big Cup" on her. "Oh well, I didn't have a twit on him any way..." By the way Midge, we hear that your latest twit is one of our elderly football mentors... Is that so, Midge?

Making 'Em Jealous Shrop?

Pekap Johnny Shropshire is dinner at the Kappa house on Sunday night. How it serves Barbara is Mary Marshall's closest friend... and Shropshire is reported to have said that "He is doing no good through her paces for the congregation... The Barker asked her if she would like to have a husband... She squeaked out a reply... "In the affirmative..." He asked her if she saw anyone in the crowd she would like to have... "No, you guessed it..." She chose Blair.

Insanity is like dust; it is everywhere. It is a little more plentiful on some of us than on others. This observation from the Webster's collection seems to be a good hand in hand with a bit of verse following it:

On the seat of my new cycle car,
I hit a bump at sixty-five,
And rode on ruthlessly.

Hoi Polloi

By CAMERON COFFMAN

Squirrel Food
In the midst of a journalism notebook, a 500 page book, a final editor, and a first copy, Mr. Coffman, called "Must have an extra long column for Friday," says he... "Okay," says we... We would like to publish several volumes of dirt on our snooping partner, Bob Hess, but you would say we are one of those "Can't Take It" fellows... So we must laugh about the little matter along with you and correct Hess on a little item and let it ride.

Does He Think We Are a Duck?

In Tuesday's column your other correspondent stated that he had positive proof that "Coffman was in the botanical garden at exactly 9:05 on last Thursday night..." Both if you or I only stop to think a moment you would have remembered that on last Thursday night Lexington suffered one of the worst rain storms in recent weeks... The rain started shortly before eight o'clock and at 9:05 it was raging at its best... Remember Day... Now do you think that was logical to believe anyone was in the garden at that time under the existing circumstances? We don't. And if any proof is necessary we have exactly one person who knows the area... Remember Day... We feel that SHE would be only too glad to inform you on the Q. T. Where were... Now all that you need to find out Bob Hess is just who SHE is.

On These Campus Politics!!

On the subject of Hess may he had better noted that he is just about ready to step out on the campus... It seems that the campus politicians, under the guidance of several little Tridlet ladies, have chosen their next Queen for 1936... If the real facts must be known up in one of the Tridlet rooms they see some signs already printed that proclaim "Bob Hess—Queen of May in '36."

Some has recently extended to the privilege the challenge discover several of the campus marriages that have taken place this year in the Kernel... Thinking positively that she was talking to Billy Spicer, Kay told the caller in plain words that she did not appreciate the offer... But was forced to draw back her statements in an embarrassed manner... We also recall that Evelyn Carroll did not appreciate her... And further reports tell us that he went to the Derby with the hope that he would see her there.

Another Rich Story

Some of the Kappas boys tell us that Charles "Hades" Stanley had a twit on Helen Rich.

Four Sided Triangle

After Tuesday's item about Kay Kennedy, Evelyn Carroll, Babe Jackson and Basil Baker we heard that Babe called Kay... He asked her how she liked the bit of publicity in the Kernel... Thinking positively that she was talking to Billy Spicer, Kay told the caller in plain words that she did not appreciate the offer... But was forced to draw back her statements in an embarrassed manner... We also recall that Evelyn Carroll did not appreciate her... And further reports tell us that he went to the Derby with the hope that he would see her there.

He Will Probably Throw a Fit

Fit Daddy's former roommate tells us that some time ago the attention of Tridlet, Blanche when Fitz was making his bid for queen in the Kernel... After talking to Kay Babe Bryant he said that "He didn't know whether to give her a job or a ring..." But was forced to draw back her statements in an embarrassed manner... We also recall that Evelyn Carroll did not appreciate her... And further reports tell us that he went to the Derby with the hope that he would see her there.

This Is a Blair Fact

Speaking of marriages and engagements we hear that Delt C. D. Blair had a proposal of marriage at the circus last week... It seems that Blair and some of our brothers journeyed to the circus and were attracted to one of the side shows... The Barker was exhibiting a human feminine nudist... The Barker asked her if she would like to have a husband... She squeaked out a reply... "In the affirmative..." He asked her if she saw anyone in the crowd she would like to have... "No, you guessed it..." She chose Blair.

The Rose of the Week

To Kappa Lucille Thornton... Because you're such a beauty who cannot be out of the news, we think she deserves it... Sorry Lucy, we have no orchids today. Only a big bunch of red roses.

said to talk in her sleep... One night recently after she had a date with Tommy she is reported to have said, "Well—that's that, I wish I were..."

How About a Clear Bob?

Word has come to us that Sigalph Gene Shanklin has left his badge in safe hands at the Alpha house... She is the attractive Ellen Coyle.

It Was Sunday Night About a Quarter to Nine

Sigmaky Gene Procknow was reported to have said, "I almost pined Peggie Haskins the other night, but finally decided to take my pin back to Chicago where it would be appreciated..." But like every man he changed his mind... Peggie got the pin Sunday night.

Just Like Nellie Plag

Prof. Holmes, the congenial Spanish instructor, announced to one of his classes that its representative who was Bunny Hawkins in the Spanish competitive exam had not won... He said "It's just the same old story about the filly in the race."

Another Rich Story

Some of the Kappas boys tell us that Charles "Hades" Stanley had a twit on Helen Rich.

We hear that Evelyn Carroll has another secret admirer on the campus... It seems that he takes Evelyn to the Derby... And further reports tell us that he went to the Derby with the hope that he would see her there.

Four Sided Triangle

After Tuesday's item about Kay Kennedy, Evelyn Carroll, Babe Jackson and Basil Baker we heard that Babe called Kay... He asked her how she liked the bit of publicity in the Kernel... Thinking positively that she was talking to Billy Spicer, Kay told the caller in plain words that she did not appreciate the offer... But was forced to draw back her statements in an embarrassed manner... We also recall that Evelyn Carroll did not appreciate her... And further reports tell us that he went to the Derby with the hope that he would see her there.

He Will Probably Throw a Fit

To Kappa Lucille Thornton... Because you're such a beauty who cannot be out of the news, we think she deserves it... Sorry Lucy, we have no orchids today. Only a big bunch of red roses.

STUDENT OPINION

To the Editor of The Kernel Dear Sir:

There is a condition existing in our school which is being unjustly objected to by the students, who are affected by it. Due to lack of foresight on the part of the management, painting is being carried on in various rooms of the third floor, necessitating the closing of these rooms, and crowding girls into the rooms of others at a time of the year when the examinations, when present and quiet are most essential. Many of the girls have complained that the odor of paint makes them sick and that they need their rooms in order to start viewing for final exams, but these requests have been ignored by the present authorities, who have not been given consideration.

In order that in the future students' requests and right should be given recognition, we are making this condition public through the Kernel. We would like to see this condition public in "Here Shall Student Rights Maintain."

THIRD FLOOR, Boyd H. B.

Location of Alumni Clubs Of U. of K. Is Given

The problem of meeting University of Kentucky alumni and keeping in touch with the University has been solved for graduates in many communities by the establishment of Kentucky Alumni clubs. Active clubs and their officers are:

Ashland Alumni club: J. Snead Yager, president, Blackstone Bldg., Ashland, Kentucky.

Atlanta Alumni club: E. T. Cross, president, Atlanta, Ga.

Bell County Kentucky Alumni club: Mrs. George W. McKee, president, P. O. Box 66, Pineville, Ky.

Birmingham Alumni club: J. M. Sprague, president, Birmingham, Alabama.

Bowling Green Alumni club: Charles Taylor, president, Bowling Green, Ky.

Buffalo Alumni club: Claude Daniels, president, Buffalo, N. Y.

Chicago Alumni club: H. M. Nichols, president, Chicago, Ill.; Alvin R. Cord, secretary, 7015 Merrill Ave., Chicago, Ill.

Cincinnati Alumni club: John R. Bullock, president, 528 Greenup St., Covington, Ky.

Cleveland Alumni club: C. R. McClure, president, 288 Euclid, Hts. Blvd., Cleveland Heights, Ohio.

Lexington Alumni club: Miss Marguerite McLaughlin, president, University of Kentucky, Lexington.

Louisville Alumni club: Ben Garr King, president, 1100 Starks Bldg., Louisville, Ky.

Kansas Alumni club: Charles G. Blakely, president, 201 Columbian

UNIVERSITY SPORTS REVIEW

Sports at the University date back almost to the founding of this institution. But there were no varsity teams until 1891, or at least there is no record in the books that exist until that time. The Kentucky football team was first organized that year and played but one game meeting Centre College and were defeated 6-0.

Until well after the opening of the 20th century the Blue and White teams contested in only baseball and football but soon after the game of basketball was originated the Wildcats had a team which held its own among all rivals. The girls had a team also, and managed to win their share of honors. Those among the old timers will remember the sensational playing of Dean Sara. Blanding and the fine feminine tennis player she produced after she became a member of the faculty of the University.

While the Kentucky football teams have not always been as good as their supporters could wish for, they have managed to roll up a record of 181 victories and have limited their losses to much fewer points than they scored themselves. At years of years of the middle west and south, the Cats have scored 5129 points to 3093 for their combined opponents. In reviewing this long list of teams, we come upon some mighty fine players and some mighty fine team records.

SUCCESSFUL SEASON ENDS FOR WILDCAT TRACK STARS

Winning three meets and losing two, one by a close margin, Coach Bernie Shively's Wildcat track team finished another successful track season last week.

February 11 he issued his first call for the 1935 varsity track candidates which was answered by about 20 prospects.

These candidates were handicapped by inclement weather during the early weeks of the training period but as time wore on the weather opened up and as a result Shively rounded out the season with a good team.

He was faced with the problem of filling the shoes of last year's one-man track team, Captain "Doug" Parrish. Of the men to report for the '35 squad, only a few were letter men. The nucleus was comprised of Rupert, Hocker, and Willis. The first named was a participant in the weight events. Hocker was the distance man, and Willis ran the 100, 200, high and low hurdles.

The season opened with the Vanderbilt Commodores furnishing the Wildcats opposition here on Stoll field. The Kentuckians came out of the meet with the long end of the 85 to 32 score. The second encounter found the Wildcats in Georgia to combat the Tech's Yellow Jackets. This time the Georgians won by a count of 81 to 50.

Radio Repair Service

proteges journeyed to Hanover, Ind. for a dual meet with the Hoosiers. For the second time during the season the Big Blue won. The score was 77 to 54. The fourth encounter in the 1935 campaign found the Berea Mountaineers and the Wildcats engaging in a dual meet on Stoll field. At the same time the "Big brothers" of the Wildcats and the Mounties were engaging in a meet of their own. The varsity tilt ended with the Big Blue on top by a count of 85 to 46, while the Kentucky Kittens whipped the "Little Mountaineers" by 107 to 25.

In the final scheduled encounter of the season on Stoll field, the Tennessee Volunteers invaded the Wildcats' lair and handed them a 68 to 49½ defeat. One week later the Tennessee Freshmen and the Kentucky Freshmen met on Stoll field and the Tennesseans won by 88 to 34.

Although these meets were the only ones scheduled, Coach Shively and five men, Willis and Hocker, varsity men, and Riggs, Simpson, and Moore, freshmen, left yesterday for the Southeastern Conference track and field meet to be held in Birmingham tomorrow.

At a meeting of the Athletic council Tuesday afternoon the following men received letters for varsity track competition: Willis, Miller, Ford, Travis, Hocker, Coffman, Rupert, Simpson, McMillan, Carlisle, Hay, Crain, Ledridge, Gates, Walker, and Nevers. The following men received numerals for service on the freshmen track squad: Riggs, Purdum, Veal, Steckmetz, Moore, Carter, Raynor, Simpson, Jones, and Chappell.

Kernel Is Made Official U.K. Alumni Publication

The regular Tuesday edition of the Kentucky Kernel was designated as the official publication of the University Alumni association for the year 1935-36, at a meeting of the association's executive committee, held Monday night at the home of Mr. and Mrs. Marcus Redwine in Winchester. It will replace the Kentucky Alumnus magazine, which for the past five years has been the official alumni organ.

As a result of this action, active members of the association will receive each week during the school year the Tuesday edition of the Kernel, beginning with the first issue in September 1935. Members will thus receive a total of thirty-three issues during the year, each containing a special section devoted to alumni news, announcements, and activities of the association.

Since the Kernel will also contain the current University news, alumni will have an opportunity to keep in touch with events on the campus, follow the progress of the Wildcats on gridiron, basketball court and field, and become more familiar with the development of the University as a whole.

Membership dues will not be increased under the new arrangement, it was announced, but will remain at \$1 per year. Memberships for the year 1935-36 will fall due on June 1, the beginning of the association's fiscal year, and alumni are urged to send in their dues as early as possible in order to receive their copy of the Kernel. All former students of the University are members of the Alumni association, and are

Kernel Is Made Official U.K. Alumni Publication

eligible to become active members upon payment of dues.

Several hundred University alumni are expected to return to the campus on May 30 and 31 to participate in the annual alumni and graduation activities, the Alumni office announced today.

An extensive program, including registration, class luncheons, and "get-togethers," teas, business meetings and grating exercises has been planned by the University authorities and the Alumni association.

All former students of the University have been invited to attend, and special reunions are to be held by classes ending in "0, '5," and the class of '33. This is in line with the custom adopted some years ago of holding a special reunion of each class once every five years.

Several members of each class have been asked to assist the Alumni office by writing to their classmates, and by planning class luncheons.

Reservations for the class luncheons and for the annual banquet may be made by writing to the Alumni office or to the following class representatives:

Class of 1880, Miss M. Peter, University Experiment station, Lexington.

Class of 1885, Miss Mary Drake, University of Kentucky.

Class of 1900, L. K. Frankel, Hernando Building, Lexington.

Class of 1910, Professor D. V. Terrell, University of Kentucky.

Class of 1915, Wayland Rhoads, Experiment station, Lexington.

Strong Cat Net Team Is Predicted for Next Season

By JOE QUINN

Kentucky's basketball followers had their first opportunity to watch Coach Adolph Rupp's future court combination in action in spring practice Wednesday afternoon during their 40-minute scrimmage session.

Both varsity and freshmen have been working under Coach Rupp's guidance for the past two weeks and the squad has been shaping up very well. From all indications, Kentucky will be represented again next year with a powerful team and some observers believe that it will be even stronger than the team of the past season.

The schedule of the 1935-36 season has not been completed as yet but part of it has already been made up. The Wildcats will play many of the same teams that they met last year and a few new teams have been added at this time with the possibility of more to be arranged.

It is definitely known that the Cats will play New York University again at Madison Square Garden in New York on January 8. They will be hosts to Michigan State and will meet Creighton in a two-game series here. Games with Pittsburgh, University and Notre Dame to be played here, Maryland, Butler University and Notre Dame to be played away are tentative at this time.

The schedule as arranged to date follows:

Dec. 12 Marshall College here

Dec. 17 Chattanooga here

Dec. 23 Pittsburgh here

Jan. 8 N. Y. University there

Jan. 11 Maryland or Catholic University there

Jan. 14 Xavier University there

Jan. 17 Tulane here

Jan. 18 Tulane here

Jan. 20 Michigan State here

Jan. 25 Tennessee here

Feb. 1 Vanderbilt there

Feb. 3 Alabama there

Feb. 7 Butler here

Feb. 11 Butler (tentative) there

Feb. 12 Notre Dame there

Feb. 13 Tennessee (tentative) there

Feb. 15 Tennessee there

Feb. 18 Xavier University here

Feb. 21 Creighton here

Feb. 22 Creighton here

Feb. 24 Vanderbilt here

Feb. 24 Vanderbilt here (tentative)

Dec. 17	Chattanooga	here
Dec. 23	Pittsburgh	here
Jan. 8	N. Y. University	there
Jan. 11	Maryland or Catholic University	there
Jan. 14	Xavier University	there
Jan. 17	Tulane	here
Jan. 18	Tulane	here
Jan. 20	Michigan State	here
Jan. 25	Tennessee	here
Feb. 1	Vanderbilt	there
Feb. 3	Alabama	there
Feb. 7	Butler	here
Feb. 11	Butler	(tentative) there
Feb. 12	Notre Dame	there
Feb. 13	Tennessee	(tentative) there
Feb. 15	Tennessee	there
Feb. 18	Xavier University	here
Feb. 21	Creighton	here
Feb. 22	Creighton	here
Feb. 24	Vanderbilt	here
Feb. 24	Vanderbilt	here (tentative)

The Wildcats will participate in the renewal of the Southeastern conference basketball tournament to be held next year at the University of Tennessee gym at Knoxville, Tennessee.

A survey at Harvard revealed that the average student carries 22 cents.

SEEN FROM THE PRESS BOX

By JOE QUINN

Spring football practice is over and padded pants and cleated shoes have been tucked away again until next fall. And the end of practice sessions marks the close of the first year at Kentucky of athletic director and head football coach Chet Wynne, who arrived on the campus from Auburn last spring.

Although Coach Wynne's first season was not a particularly auspicious one, a new spirit was instilled in the players and an atmosphere of confidence was to be noted among members of the student body, alumni, and supporters of Kentucky teams. They look to Coach Wynne to place future Wildcat teams among the foremost in the South and thereby earn recognition among the outstanding teams of the nation. This is a tough job, but his friends believe he can do it.

We watched the team throughout the daily workouts this spring and came away feeling that there was considerable progress being made and that in general the team would be much stronger next fall. Most of the spectators who had followed the Cats during the spring were of the same opinion.

You may be interested in knowing how Chet Wynne, the man responsible for the showing of the Wildcats, views the situation. He says, "If our players can keep free from scholastic difficulties, the team will be considerably improved over last season. We've had a year's experience with a new system and the players and coaches understand each other better than at this time last spring. We'll have a number of fine backs to rely on, as well as a strong first string line. One big difficulty will be in locating good line replacements. A few serious injuries might leave us wide open there, but we'll hope for the best. Taken all together, though, the Wildcats should do more than hold their own in the fall."

This should certainly be encouraging to the students and alumni who have the best interests of University teams at heart.

Track Coach Bernie Shively left yesterday morning for Birmingham, Alabama, taking two varsity trackmen and three freshmen to compete in the annual Southeastern conference track and field meet to be held at Birmingham today and tomorrow.

Ben Willis and Walter "Bud" Hocker are the members of the varsity team who will represent Kentucky at the meet. Hocker will com-

pete in his favorite event, the two-mile run, while Willis will run in both dash events and the hurdles. Willis has not been defeated in the 100 or 200-yard dashes in dual competition this spring. At the conference meet he will find himself in fast company and will be forced to do the utmost to win. Riley, Alabama, successor to Dixie Howell, and Anderson of Tennessee will be among his rivals in the century. However, after his sensational 9.8 race with Anderson, Willis should at least be assured of finishing "in the money."

This is the first year that freshmen have been invited to compete at the conference meet. They will not contest against varsity competition, but will have a conference meet of their own. Joe Moore will be entered in the two-mile run, and Rigley will run the dash events for the frosh. "Red" Simpson, who comes from Bessemer, Alabama, near Birmingham, will be practically in his own backyard when he flings the javelin for the Kittens.

Laborers working out on the football field in the construction of a new drainage system for Still field recently uncovered what are believed to be human bones. There are already various theories as to the origin of these remains. Some say that they are the bones of an Indian princess (it's never just an ordinary Indian, but always a chief or a princess), while others assert that the skeleton is one of the old Kentucky pioneers. Then, there is the theory that the bones may be those of the old-time football players of the days when football was a real bruising game. The supporters of this claim claim that in those days a player could be knocked down and trampled into the ground without anyone being the wiser. Of course, you don't have to believe all this as it's only a matter of conjecture.

INTRAMURAL

Within two weeks, the great struggle between the two main contenders, Sigma Chi and Sigma Alpha Epsilon, will be over and the winner will receive the beautiful \$250 silver trophy for permanent possession.

For the past six years these two fraternities have been fighting it out among themselves. The SAE's won the championship in 1929, 1930, and 1933, and the Sigma Chi's won it in 1931, 1932 and 1934.

This year it was decided that the winner of this year's athletic endeavors would have permanent possession of the trophy. The boys from the Limestone street mansion started off with a bang but the Sigma Chi's began to climb during the winter sport season and overtook the SAE's in the spring track meet, and at the present writing hold a 57 1/2 point advantage.

The remaining sports are tennis, horseshoes, golf and diamond ball. Unless the SAE's are capable of making a strong comeback, the Sigma Chi's will find themselves the proud possessors of the permanent trophy.

Charlie Bringardner of Sigma Chi will receive the annual award presented to the man who has scored the most points during the intramural year. This marks the second time that Bringardner has received this award. This year he was entered in every intramural competitive sport.

After this year there will be less cause for argument among the fraternities about the possession of such an expensive trophy. Next fall a new system will be introduced, whereby the winner of each year of intramural competition will receive permanent possession of a \$50 silver cup. The runnerup will also be rewarded and will receive a smaller silver cup.

In addition to this change for next year there is a possibility that touch football might be introduced for the first time to the intramural program.

Fraternity standings by points including everything up to May 2 but tennis, horseshoes, golf and diamond ball are as follows:

- Sigma Chi, 724; S. A. E., 667 1/2; Phi Delta, 318 1/2; Phi Kappa Tau, 238 1/2; Delta Tau Delta, 220; Alpha Gamma Rho, 214 1/2; Sigma Phi, 209 1/2; Phi Sig, 186; Alpha Sigma, 176 1/2; Kappa Alpha, 177; Sigma Nu, 160; Delta Chi, 133; A. T. O., 132; Kappa Sigma, 95; Delta Tau Delta, 93; Lambda Chi, 78; Pi Kappa Alpha, 47; Alpha Lambda Tau, 20.

NEW TWO-YEAR CONTRACT TAKEN BY COACH RUPP

Popular Basketball Mentor Will Remain At University HIS TEAMS WON 86 OUT OF 97 GAMES

Prospects For Next Season Are Good; Spring Practice Being Held

Adolph Rupp, head basketball coach of the University since 1930, has accepted a contract to be in charge of the Wildcat cage squad for the next two years, according to an announcement from President McVey's office Tuesday afternoon.

The terms of the contract were not made public, but Coach Rupp said that he was "delighted" with it, and added: "I will continue to give my wholehearted co-operation in anything the University undertakes."

The Athletic council met behind closed doors in President McVey's office Tuesday afternoon. The meeting, which lasted about an hour and one-half, was attended by Chet Wynne, athletic director and head football coach.

Coach Rupp is recognized as one of the ablest basketball coaches in the south. His teams have won 86 out of 97 games in the last five

years. With his first team here in 1931, Rupp was runner-up in the annual Southeastern conference tournament at Atlanta. In 1933 his team won the title. This season, with no tournament being held, the Wildcats ended the season in a tie with the Louisiana State University Tigers for the conference crown.

The Wildcats have won 32 consecutive Southeastern conference games and have lost but one in their last 45, this being to Vanderbilt in 1932.

Coach Rupp has produced two All-American cage artists since he has been in charge of the Big Blue basketball teams. Aggie Sale was voted All-American center in 1932 and 1933. Leroy Edwards received the same honor this past season. His sophomore year in the University, Edwards set a new record this year when he scored 343 points in 21 games.

"Prospects are extremely good and we are looking forward to a better season next year," said Coach Rupp, when interviewed by a Kernel reporter Wednesday. "This may sound like a crazy man talking after us having lost Lawrence and Tucker, but we have two good men in Red Hagan and Billy Spicer. We have worked particularly hard on the double pivot play, our answer to the rule restricting the single pivot play, and it has been very successful," stated the Wildcat cage coach.

FRENCH PLAY SLATED

"Don Quixote," one of the leading French motion pictures of the year will be given in French at 9:30 a. m., Saturday, May 18, at the Ben All theatre, according to announcement from the University Department of French. Theodore Chaliapin has the title role in the picture.

AG SCHOOL HAS IMPORTANT ROLE IN U. K. DEVELOPMENT

In the 73 years that the University has been in existence as an institution, agriculture has played an important part in the development of the school and in influencing public opinion.

It was immediately after the passage of the Morrill Land Grant Act by Congress in 1862 that the Agricultural and Mechanical College of Kentucky University had its origin. Growth was retarded at first by lack of funds but after the first few years it was rapid.

In 1910 the College of Agriculture was organized. Instruction and research in agriculture, the Kentucky Experiment station, and the extension activities were placed under one administrative officer, the dean and director. Prof. M. A. Scovill was first to hold the office, followed by Prof. Joseph H. Kastie. At present Thomas P. Cooper is dean and director.

The College of Agriculture has expanded considerably so that there are now 14 departments. In the teaching division, scientific and practical instruction is given in all phases of agriculture and home economics.

There are 539 graduates of the college. Of this number 160 are working in public service in Kentucky and 46 in other states. Home economics graduates number 313.

The Experiment station was established in 1885, two years before the passage of the Hatch act extending aid to the states for founding and maintaining such stations. It has approximately 600 acres of land in the central farm at Lexington;

500 acres at the western Kentucky substation at Princeton; and 15,000 acres, chiefly forest land, in Breathitt and Perry counties, donated by the late E. O. Robinson. In addition, the station conducts soil experiments on fields of approximately 20 acres each in Graves, Muhlenburg, Taylor, Laurel and Madison (Berea) counties. Experiments also have been conducted in Pulaski, Shelby, Logan, Christian and McCracken counties. Through investigations in soils, crops, animal production, control of insect pests, chemistry, marketing, human nutrition, etc. much valuable aid is given to the people of the state.

The Public Service laboratories work for the State Board of Health and other officers and citizens of the state, in testing various materials and products. For example, in one 12 month period 95,000 samples were examined, including drugs, milk, ice cream, water, specimens for toxicological examinations, food products, spray residue on fruits, and various human and animal specimens for identification of disease.

The Experiment station has published 355 bulletins and 43 circulars giving the results of its work, and these are distributed free upon request. In addition, numerous papers have been published in scientific journals.

The Extension division is supported cooperatively by the Federal government and the state, supplemented by funds from counties. The system consists of county agricultural agents, of whom there are

It's the tobacco that counts, and there are no finer tobaccos than those used in Luckies

The University campus has undergone many changes and has seen much progress and improvement since the days when President Patterson used to leisurely drive his

fine carriage along the narrow, shaded macadam road leading from the main gate on Limestone up the hill past the Administration building. White hall (old dormitory), terminating in the carriage shed in rear of the president's house, now known as Patterson Memorial Residence or the Woman's building.

In those days, the campus fronting Limestone street was fenced in with a white-washed paneled fence, the roads lined on each side with turned posts, festooned with chains large enough to anchor a battle ship. Roads were perhaps more convenient for buggy riders and equestrians than they now are. Each building was either surrounded by a macadam road or had a grand circular turn-around placed in front of it with a grass plot in the center gayly planted with red and yellow canna bordering a mass of willow pampas grass. The hitching rack and shed was located between Memorial hall and McVey hall, adjacent to a fine cornfield.

Classes changed to the sonorous boom of the north boiler room whistle. The student body was small, buildings were unimproved and scattered. Fraternities and societies numbered eight and four respectively and lived in rented houses and moved every year. When the last football game was played in the fall, that ended the sport until the following year—spring practice was unheard of—except when applied to the "art of losing." Extra curricula activities were taken up mainly with dropping bags of water from the top of the building, the heads of unsuspecting loafers and passers-by; clipping the heads of green freshmen and then selling them campus tickets; firing the cannon at night, dragging the campus mule up the steps of the Main building to chapel; rushing the Ad Meade, baiting the cops and other miscellaneous pranks. A catalogue of these campus sidelights would be an interesting reading, especially since a great many of the chief actors and moving spirits are now men and women of outstanding ability, of whom Alma Mater is justly proud. Several of these are well known gentlemen who were not consigned by President Patterson and Dean Melcher to the lower regions with the understanding that such conduct led only to a life of failure, the goal, or the poorhouse. But for those yesterdays and its actors the University of Kentucky would not be what it is today.

The campus of today presents an entirely different picture. The shaded road is still there, but is much wider and hard-surfaced, the main entrance stone piers are much taller and could be dignified with the name pylons; the student body is five times as large as it was 20 years ago, all roads are lined with approximately 500 automobiles, buildings have increased over three times, the new ones are impressive and commodious, the new library is the finest addition; the campus has increased from 52 to 106 acres, and all buildings are served by underground systems of wires for telephone, class bells, clocks, power, and light, which means that there are no more unsightly poles, cross

arms and overhead wires left. The beautiful grounds have been grown and developed to the point where they seem to cover the whole place when viewed from the air. There are five interesting, separate and distinct gardens on the grounds known as Formal garden behind the Art Center, the Botanical garden on the hillside north of White hall, the Tulip and Iris garden east of White hall, Derrill Hart Dahlia garden, the Memorial hall, and the Rock garden in Walnut grove behind Mechanical Hall. The last named garden and pool was completed just a few months before his death.

The University now offers over 1,000 courses, brings noted lecturers, artists and visitors to the campus each year, entertains thousands of high school boys and girls through its Extension departments during the Music Festival Week as well as debating and public speaking, state high school basketball tournaments, track meets and so on. Institutes are held for garden lovers, American Red Cross first aid, police and firemen, so that when an activities are taken into consideration, excepting football and basketball crowds, the University attracts about 35,000 people to the campus each year. There is hardly any way to estimate the number it reaches over the air through its radio broadcasting studio every year.

If you haven't been on the campus for a long time you will be amazed at the changes and signs of the new home of the College of Education and associated schools; the Patterson memorial monument located behind the old heating plant was dedicated last June and lends a touch of dignity to the surroundings; beautiful Memorial hall stands up its clock tower and spire 125 feet in the air, a memorial to Kentucky's war dead. In this building will be found an auditorium seating 1,020 persons, and on the walls hang oil portraits of President Patterson of "He-Pat" fame, President Barker, the "Magnanimous Judge," Dr. Joseph Hoising Kaestle, affectionately known as "Little Joe," Prof. Arthur McQuiston Miller, known by many as "Monkey" and last but not least, Dr. Joseph W. Fryor, beloved by every old-time Wildcat Warrior fortunate enough to come in contact with his benign influence. Dr. Fryor is still hale and hearty and can be seen going to his laboratory every day, where he is carrying on special research work. One may also see a colorful fresco in the foyer of this building depicting the epic history of Kentucky done by Miss Ann Rice, a graduate of the University. The story could go on almost without end.

The University is a busy place, a veritable beehive of activity. Students of today find little time on their hands for idling. Fraternities and societies now number about 26. The majority of them own their homes and some have cost as much as \$35,000 to build. The University has five commo-

dormitories, two for women and three for men. These organizations, plus honoraria, extra curricula activities, class and library work, keep the average student busier than ever before. Seeing is believing, so why not make a resolution to visit the campus at the very first opportunity.

The Alumni Association executive committee has been striving for two or three years to perfect an organization whereby a larger number of students and graduates could be brought together more actively in its affairs. The association maintains an office in the Administration building and will gladly welcome a personal visit, letter or membership if you are not an active member. Join now and help swell the total for the good of yourself and your Alma Mater. The University is constantly making progress in every field of knowledge. Its contributions in these fields are a source of pride to alumni and friends, but one can know of such things, one must place himself in position to find out about them. Active membership in the Alumni Association will keep you well informed as to what is going on at the University wherever you happen to be.

Now that the end of the school year is approaching and every year is beginning to think of examinations, graduation, and the above mentioned are. It seems that a brief summary of the events of the year will be a great help in relieving the mind of the busy student. The memory of the accomplishments of the 1934-35 school year.

HAPPENINGS OF 1934-35

Coach Chet Wynne's boys will be the "top" this year.

IN MEMORIAM
James Worthington Wilmot, 17, sophomore in the College of Arts and Sciences, died on October 17, 1934.

Dr. S. Parkes Cadman, prominent radio lecturer and minister, spoke to a general convocation on October 19, 1934.

John F. "Sunny" Day, another of our accomplished seniors, was elected president of the Student Council. "Sunny" served as editor-in-chief of the Kernel during the past year.

The attractive decorations exhibited by the fraternity and sororities on the campus, together with the uniforms of former students who returned to the campus for Homecoming, caused no little excitement and entertainment.

"That's cruelty" was the report that constantly rang out during the Armistice Day parade. Prospective soldiers were told to don their full regalia and march for two hours on that cold November morning. The worst part of it was that they had to stand and wait for one of the hours, in order that those in charge could make ready for the affair.

Where are all the students? And the professors? On November 16 they went over to Harrodsburg to see President Roosevelt.

At the fall pledging to O. D. K. The following men were pledged to the campus leaders fraternally: Elvick Stahr, Sam Warren, Jack Faunce, E. C. Robert Hatten, Ernie Jones, Ben Taylor and James Miller.

On November 27, the fellow that is responsible for much of the material you read in psychology books, Dr. Goodwin Wilson, spoke at a general convocation.

Jim Long, end on the football team during the year, was elected captain of the team for the next season. A few months later, Andy Anderson, forward on the basketball team, a member of the football team, and the leader of an orchestra, was unanimously selected as captain of the basketball team for the 1935-36 season.

December marked the time for the intramural boxing and wrestling struggles; on the evening of the month, Rudy Bundy and his orchestra played for the inter-fraternity dance at the gym. The convention of the editors of Kentucky college newspapers awarded a prize for good news stories to the Kernel.

President McVey talked at convocation on the eighteenth and told us we would have to go home and stay for two weeks.

IN MEMORIAM
J. Carl Jones, head of the Department of Political Science, who died in Washington, D. C., while on a leave of absence.

Ernest Zimmerman, head of the College of Arts and Sciences, and a leader in campus activities, died in January.

Because Art Muth received his sheepskin at the end of the first semester, Ed Shannon was appointed to succeed him as managing editor of the Kentucky Kernel.

Marion Conner Dawson, brunette beauty of the campus, was named Kentucky Beauty queen. On January 15, the Men's Glee club entertained the Midway Orphans with a concert. Elvick Stahr, junior in the

College of Arts and Sciences, was a declaration contest.

On January 18, seventy-four students completed their four year work. The number of their school days were over.

So ended a most successful basketball season. Our hats are off to Coach Adolph Rupp!

Mrs. W. H. Morgan of Iowa City, Iowa, came to the campus to give advice to the women students in Warrington spoke to a general assembly of the students at a convocation on February 5.

IN MEMORIAM
Desha Breakbridge, editor and publisher of the Lexington Herald, died on October 10, 1934. The University take this opportunity to express their appreciation for the work of this invaluable friend.

Dorothy Curtis was named queen of the Military Ball on February 21.

Everyone was much aroused over the prospects of the Student Union building, when Hugh Rutherford, local architect, gave his plans for the building to O. D. K.

"Big Ed" Edwards, high point player on the basketball team, was the only member of the team to receive All-America honor.

The Kentuckyian, this year, will be dedicated to J. T. Cotton Noe, professor emeritus of the Education College. A superb year book is promised.

Through the co-operation of the YMCA and the YWCA the student forums were held at Pat hall. It provided a place for argumentation on four subjects where one would not be graded, as in the case of class room argumentation. Dr. J. W. Manning, Dean Sarah Handing, Dr. Robert W. Miles and Prof. W. R. Sutherland were the leaders.

They came the "high schools" after a week on the campus, the state basketball crown was given to St. Xavier.

Lucy Jean Anderson was named head of the Woman's Athletic Council at the meeting on March 22.

Prof. Lloyd Averitt of the Commerce college, received many thanks from the students for the jokes gotten by the publication of "Bargains in Brains."

Seventeen men were pledged to Keys, honorary sophomore fraternity on March 29.

Donald Riestler and Martha Puget were named presidents of the YMCA and the YWCA respectively. Reports are all that they have planned to extend the function of these organizations during the next year.

The Pershing Riflemen took the first week-end of April off to go up the river and initiate their new members.

Mary L. Shearer, Chi Omega, was elected Queen of the Junior Prom, and was duly crowned at the dance by Bill Lowry, president of the class.

Dean Jones receives the credit for the idea of instituting a new hop for the students, the "Wednesday night" dances. They are now a part of our regular life, and a thing that we refuse to let ourselves miss in spite of our Thursday quizzes.

Calvin Cramer, Dick Boyd, Frank Borries, Jack Crain, Dave Difford, Claude Terrell, Harold Miller, Harry Sheild and Bill Greenhouse were pledged to Omicron Delta Kappa, campus leaders fraternity, at the spring pledging.

Norman Garing was elected editor in chief of the Kernel. Ed Shannon, managing editor, and Tom Atkins, news editor; Frank Borries was elected to succeed Shannon.

Basil Baker was elected editor in chief of the Kentuckyian for next year.

Henry McCown and Lucy Jean Anderson were declared winners of Sullivan Medallion.

What has the future in store for us. We have only two weeks more.

Old Kentuckians Revive Memories

One of the most interesting historical collections on the campus is a group of old Kentucky annuals which Maury Crutcher of the Building and Grounds department, has gathered in his office.

In the comparatively short time of one year Mr. Crutcher has been able to acquire all of the series printed since 1899 except the volumes for 1900, '01, '02, '05, '10, and '11. The oldest volume in the collection was printed in 1894, and was the first annual published by the institution known now as the University of Kentucky. In the days of '94 the school was called Kentucky State College.

The 1894 annual was not made on the same basis as the later ones and instead of the name "Kentuckian" it was printed under the name of "Memoria." Its 97 pages were of low quality in comparison with the 1934 Kentuckian, but it has probably played as big a part in the history of the school as the '94 as any volume to students has since.

On the page entitled "Greetings," editors Felix Kerrick and J. J. Woods had the following dedicatory words:

With a fear and trembling, the editors of the first Memoria offer this little volume to the alumni and students of State College.

Ever long the annual was published under the name "Memoria" it is not certain as the volumes of 1894, 1895, 1896, 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, BREAKFASTS LUNCHES DINNERS SHORT ORDERS

U. of K.'s Able Staff Spreads Fame of School Far and Wide

Twenty-seven members of the staff of the University of Kentucky are included in the list of persons whose biographies appear in "Who's Who" for 1934-1935.

In making up "Who's Who," names were selected in an attempt to choose the best known men and women in the country in all lines of useful and reputable achievements.

"There is no charge for the inclusion of sketches in Who's Who. Not a single sketch in the book has been paid for—and none can be paid for."

Citizens throughout the state will be proud of a state institution that is represented by such able men as are found at the University of Kentucky. Many of them are nationally known and not a few are recognized authorities in their respective fields.

Dr. Frank L. McVey, president of the University since 1917, is a lecturer and author of note. From 1926 to 1930 he lectured at the University of Chicago.

Dean Alvin E. Evans of the Law School, has been admitted to the bar in three states besides the state of Kentucky and in the District of Columbia.

PATRICK SPEAKS TO KIWANIS CLUB

"Democracy is an Instrument of the People for Government," Says a Education Professor

Patric pointed to the industrial revolution, and the rise of a consciousness that "democracy is an instrument of the people for government which has become necessary in the modern age."

Dr. Patrick pointed to the industrial revolution, and the rise of a consciousness that "democracy is an instrument of the people for government which has become necessary in the modern age."

DAVID YOUNG NAMED SOCIETY CHAIRMAN

David W. Young, assistant chemist at the University experiment station, was named chairman of the Lexington section of the American Chemical Society.

Dr. W. C. Bowen, a representative of the personnel division of the TVA, Knoxville, addressed the junior and senior Engineering students yesterday afternoon at the University on "The TVA Experiment."

The far-flung ramifications of the work were outlined by Mr. Bowen and he discussed the functions of the forestry, land planning, social and economic, fertilizer, and legal divisions.

Both the Norris and Wheeler dams are almost completed, said Mr. Bowen, the first of these scheduled for use during the summer of the coming year.

RESEARCH IS ENDED BY PHYSIOLOGISTS

Prof. T. C. Sherwood of the department of Anatomy and Physiology, and W. C. Lusk, completed an investigation on the effect of vitamin A and iodine on the thyroid gland last summer.

FIELD DAY WILL BE OBSERVED MAY 20

(Continued from Page One) Graduate of the advanced course, R. O. T. C., with the best standing in all his University work.

Phoenix Hotel Cup, awarded to the member of the second year advanced course with the highest average in military science.

Lexington Herald Cup, awarded to the member of the second year basic course with the highest average in military science.

Scabbard and Blade Cup, awarded to the winner of the basic individual drill competition.

American Legion Cup, awarded to a cadet in the advanced course with a good standing and possessing in marked degree the highest qualities of an officer and a gentleman.

WANTED—A RIDE to Straudsburg, Penn., or close by. Want to leave about June 1. Will accept expenses. Call Helen More, 4439X.

WANTED—Black notes notebook on campus. Name Everett Stephenson on first page. Finder please return to Kernel Business office.

WANTED—A pair of glasses. Return to Kernel Business office. Bush Hamilton.

WANTED—Typing of all kinds. Five cents per page. Call John Darnell, 820.

LOST—Spiral ring note book containing Sociology notes. Lost between Frazer and McVey halls. Please return to Kernel Business office, or Gertrude Stein, 523-Y.

LOST—Ladies sport watch from Ladies Rest room on fourth floor Library. Finder please return to the Loan desk in the Library.

was published recently in the Journal of Nutrition. Prof. Sherwood and Mr. Budden have recently completed a research project on the effect of varying doses of desiccated thyroid on the thyroid gland and have submitted the article for publication in a medical magazine.

Another project has been completed under the direction of Prof. Sherwood and the assistance of Linwood Bowers which may aid in demonstrating the relation of the various endocrine glands of the body.

Mr. LeRoy will be president during 1935; Mr. Schultz Riggs, vice-president; Mrs. Eretta Pace, secretary, and Mr. James K. Morgan, treasurer.

CLUB CARRIES ON EXTENSIVE PROGRAM

U. K. Officials and Basketball Teams Feted by Paducah Alumni

The Paducah Alumni club, one of the most active clubs in the state, has carried on an extensive program during the past year and has planned another full program for next year.

Features of the year's program were luncheons for Mrs. McVey and Dean Sarah Blending, Coaches Chet Wynn and Adolph Rupp and the

Prof. M. E. Ligon, head of the department of Secondary Education and director of the Placement Bureau at the University, will deliver the commencement address at the Corbin High school Thursday evening, May 22.

West Virginia University recently conducted a poll to determine the size of the diploma to be given next June.

All the freshmen at the University of Maryland are required to work on the student paper one day out of the week.
