

## MINUTES OF THE UNIVERSITY SENATE, NOVEMBER 29, 1971

The University Senate met in special session at 3:00 p.m., Monday, November 29, 1971, in the Student Center Theatre. Chairman Rovin presided. Members absent: Staley F. Adams\*, A. D. Albright, Lawrence A. Allen, Charles E. Barnhart, Juris I. Berzins\*, Harmon C. Bickley\*, Harry M. Bohannon, Garnett L. Bradford\*, Betty J. Brannan\*, Collins W. Burnett\*, Jose M. Concon\*, Glenwood L. Creech, Clifford J. Cremers\*, George W. Denmark\*, William H. Dennen\*, Roger Eichhorn\*, Joel Evans, Paul T. Ferrell, Lawrence Forgy, Jr., Stuart Forth\*, Donald T. Frazier, James E. Funk\*, George H. Gadbois\*, Eugene B. Gallagher\*, Jess L. Gardner\*, John G. Gattozzi, Hans Gesund\*, Richard E. Gift, Charles P. Graves, Jack B. Hall, Joseph Hamburg, Brenda J. Hamer\*, Charles F. Haywood\*, James W. Herron\*, Donald L. Hochstrasser\*, Nancy H. Holland, Alfred S. L. Hu, William F. Kenkel\*, Stuart M. Klein\*, James Knoblett\*, Lois W. Langhorst\*, Bruce E. Langlois, Robert G. Lawson, Donald C. Leigh\*, Arthur Lieber\*, Kathy Liedtke, Leslie L. Martin\*, Roger M. McCoy, William C. McCrary\*, James T. Moore, Jacqueline A. Noonan\*, Elbert W. Ockerman\*, Bobby Pass\*, Albert W. Patrick\*, Nancy J. Patton\*, Curtis Phipps\*, Nicholas J. Pisacano\*, Leonard A. Ravitz\*, E. Douglas Rees\*, Herbert G. Reid\*, Frank J. Rizzo\*, Thurlow R. Robe\*, Virginia Rogers\*, Gerald I. Roth\*, Betty R. Rudnick\*, John S. Scarborough\*, Rudolph Schriels\*, Donald S. Shannon\*, D. Milton Shuffett, Otis A. Singletary\*, Eldon D. Smith\*, Raymond A. Smith\*, Walter T. Smith\*, John B. Stephenson\*, Leonard P. Stoltz\*, Hugh A. Storrow, Robert H. Stroup\*, Thomas B. Stroup, Dennis D. Stuckey\*, Joseph V. Swintosky, Charles G. Talbert\*, Damon R. Talley, Betty A. Taylor, John Thrailkill\*, Nancy K. Totten, S. Sidney Ulmer\*, John A. Via\*, M. Stanley Wall, Ronald D. Weddle\*, Cornelia B. Wilbur, William R. Willard, Kenneth R. Wright, and Robert G. Zumwinkle\*.

The minutes of the meetings of October 28 and November 8, 1971 were approved as circulated.

The Chairman announced that if there were no objections from the Senate, a request from the Academic Council for the Medical Center to change the academic calendar of the College of Medicine would stand approved. No objections were voiced.

Change the Third Year, 1972-73 beginning and ending dates from August 7, 1972 - June 16, 1973 to July 31, 1972 - July 28, 1973

Change the Fourth Year, 1972-72 beginning and ending dates from June 26, 1972 - June 1, 1973 to August 14, 1972 - June 9, 1973

The Chairman reported that the results on an action ballot taken to change the marking system for the College of Dentistry to H, P, U designations had been overwhelmingly in favor of the change, the vote being 95 in favor and four opposed with one non-voting Senator in favor of. Therefore, the Rules of the University Senate are changed as follows and the next updating of these Rules will include these changes. This change is effective immediately.

Section III., Rules Relating to Entering and Attending the University,  
 (1) D. The Marking System (except for Colleges of Law and Medicine) and  
 (2) E. Marking Systems for Colleges of Law and Medicine; 2. College of Medicine

\*Absence explained

ADD THE WORDS "College of Dentistry" in the headings of each of the above two items, and change the wording in the paragraph under E. 2. College of Medicine, to include "dental" students . . . and "dental" classes . . .

These revisions will then read:

"D. The Marking System (except for Colleges of Law, Medicine and Dentistry) --

"E. Marking Systems for Colleges of Law, Medicine and Dentistry: . . .

"2. Colleges of Medicine and Dentistry -- Honors, Pass and Unsatisfactory are the designations for the College of Medicine and College of Dentistry students. The H, P, U designations are utilized only for medical and dental students. The few graduate and/or undergraduate students in essentially medical and dental classes are graded as is the rest of the University."

Chairman Rovin reported that the results of an action ballot taken to change the baccalaureate degree designations within the College of Allied Health Professions from the present four degrees (Bachelor of Science in Community Health, Bachelor of Science in Dental Hygiene, Bachelor of Science in Medical Technology, and Bachelor of Science in Physical Therapy) to one degree: Bachelor of Health Sciences, had also met with overwhelming approval, the vote being 130 in favor, five opposed, with three non-voting Senators in favor of. Therefore, with the 1972 Spring Commencement the Bachelor of Health Sciences degree will be conferred, with an option for the presently enrolled juniors and seniors in the College to choose the other designation. These juniors and seniors will declare the option for this degree in accordance with procedures and dates set by the College of Allied Health Professions. Beginning with the 1974 graduates the Bachelor of Health Sciences degree will be the only one given.

The Chairman reported that following the recent Senate action authorizing a six-week summer session and establishing summer session maximum credit hour loads for undergraduates, the Graduate School had established the following maximum allowable load for graduate students; that these criteria would become a part of the Rules of the University Senate and would be included in the next updating of the Rules.

Eight-week Summer Session - 9 credit hours

Six-week Summer Session - 6 credit hours

Four-week Intersession - 4 credit hours

The maximum load for any combination of the six and eight-week sessions - 9 credit hours

The maximum load for summer and intersession - 12 credit hours

The Chairman announced that the End-of-Semester Social for Board of Trustees members will be held from 5:00 to 8:00 p.m., Tuesday, December 14, 1971, the cost to be \$2.00 per person.

Dr. Rovin reminded the Senators of their action at the May 10, 1971 meeting in which they tabled the ROTC issue until the regular November meeting of the Senate at which time the College of Arts and Sciences was directed to present a report on the role of ROTC at the University. He reported that the Senate Council had received that report and it was hoped it could be presented to the Senate at its regular meeting on December 13, 1971.

On behalf of the Senate Council, Professor Garrett Flickinger, acting for the Secretary of the Senate Council, presented the following two motions for the consideration of the Senate. These two recommendations had been circulated to the faculty under date of October 6, 1971.

1. Add to Section I., B. 2. Meetings, Rules of the University Senate (Revised and Updated May 1971), page 4, the following paragraph:

Twenty-five per cent (25%) of those members of the University Senate present and voting or the Chairman can order a vote be taken by roll call. A motion for roll call vote shall be privileged, undebatable and cannot be amended.

2. Add the following sentence in the same section:

No motion may be laid on the table.

A student Senator presented a recommendation that the second motion be amended to read "No motion may be laid on the table indefinitely." By way of clarification he stated that this proposed amendment would still allow a motion to lay on the table temporarily, definitely, or be returned to committee; the only abolishment to be the option to lay a motion on the table indefinitely, which is undebatable. The Senate approved this amendment to the second motion. The Senate then approved the first motion as presented and the second motion, as amended.

The Chairman reminded the Senators that in order to consider the next two items on the agenda - namely, the proposed abolishment of the Departments of Botany, Microbiology and Zoology, and the proposal relative to the Thomas Hunt Morgan School of Biological Sciences - both of which had been circulated to the faculty under date of November 18, 1971, and had not been received 10 days before this meeting -- it would be necessary for the Senate to waive the 10-day rule.

The Senate approved waiver of the 10-day rule and on behalf of the Senate Council, Professor Flickinger presented the following motion:

In accordance with the Governing Regulations of the University of Kentucky, the College of Arts and Sciences requests that the University Senate recommend to the President ~~and it does so recommend~~ the dissolution of the Departments of Botany, Microbiology and Zoology and that the School of Biological Sciences be designated as the basic educational unit responsible for the instruction and research in biology currently performed by these Departments.

At this point a Senator asked that the Senate Council Chairman attempt to expedite circulations through the Stenographic Bureau in order to prevent the continuing need for waiver of the 10-day rule in order to consider new business.

In discussion which followed the motion, questions were raised of the effect of such an action on budget and staff relocations; effect on faculty tenure; and the figure availability of how the faculty affected voted on these recommended dissolutions. Authoritative sources responded that the funds would revert to the School of Biological Sciences; the individual members of the three departments would become members of the next higher educational unit -- in this case the School of Biological

Sciences in the College of Arts and Sciences; it was thought that tenure would not be affected; and the vote taken in the affected departments was 24 for dissolution with two abstentions. On specific question of the vote in the Department of Botany, the vote was eight in favor of dissolution with one abstention.

The Senate approved the recommendation that the Departments of Botany, Microbiology and Zoology be dissolved and the School of Biological Sciences be designated as the basic educational unit responsible for the instruction and research in biology currently performed by these departments, such approval to be transmitted to the President of the University for presentation to the Board of Trustees.

On behalf of the Senate Council Professor Flickinger presented the following recommendation:

that the Thomas Hunt Morgan School of Biological Sciences be redescribed as a School within the College of Arts and Sciences. As such it shall be responsible for courses and programs that are appropriate for general studies. Likewise it shall be responsible for undergraduate and graduate courses and programs in Arts and Sciences in Biology including Botany, Microbiology, Zoology and any other branches of Biology that may be established in which the emphasis is upon other than the applied. It shall also serve programs involving applications of Biology in the other Colleges of the University by offering courses that are basic to or complement such programs. The existing courses and programs in Biochemistry, Cell Biology, Physiology and Biophysics, Agronomy, Animal Sciences, Horticulture, Entomology, Nutrition and Food Sciences, Plant Pathology, and Plant Physiology are excluded from its scope and responsibility except as they may be crosslisted by prescribed procedures.

Motion was then made to amend the proposal to strike the above-underscored insertions to the motion, which had been made by the Senate Council. Following discussion, motion was made to amend the proposed amendment to place a period after the first "Biology" in the third sentence of the motion and to delete the remainder of the proposal. Following additional discussion the Senate voted to vote on the proposed amendment to the amendment. The Senate then approved the amendment to the amendment to place a period after the first "Biology" in the third sentence of the original proposal. The Senate approved the original proposal, as amended, for transmittal to the President for recommendation to the Board of Trustees. That proposal, as amended, and approved reads:

that the Thomas Hunt Morgan School of Biological Sciences be redescribed as a School within the College of Arts and Sciences. As such it shall be responsible for courses and programs that are appropriate for general studies. Likewise it shall be responsible for undergraduate and graduate courses and programs in Arts and Sciences in Biology.

The Chairman announced that the Senate Council had received 10 copies of the Governing Regulations which may be checked out by individual faculty members on a limited time basis. (These had been requested for all faculty

at the last meeting of the Senate in connection with consideration by the Senate of the Code of Faculty Responsibilities.) He also reported that copies of the Regulations are also available in Deans' offices, in educational units, and the offices of department chairmen.

The Senate adjourned at 4:00 p.m.

Kathryne W. Shelburne  
Recording Secretary

MINUTES OF THE UNIVERSITY SENATE, DECEMBER 13, 1971

The University Senate met in regular session at 3:00 p.m., Monday, December 13, 1971 in Room 106 of the Classroom Building. Chairman Rovin presided. Members absent#: Lawrence A. Allen\*, Kurt Anshel\*, Charles L. Atcher, Ronald Atwood\*, James R. Barclay\*, Charles E. Barnhart, Harmon C. Bickley\*, Robert H. Biggerstaff, Harry M. Bohannon, P. P. Bosomworth\*, Eugene B. Bradley\*, Ralph S. Carpenter\*, S. K. Chan\*, Richard A. Chapman\*, David B. Clark\*, Glenwood L. Creech, Tihamer Z. Csaky\*, George W. Denmark\*, Loretta Denman\*, Juanita Fleming\*, James E. Funk\*, George H. Gadbois\*, Eugene B. Gallagher\*, Joseph Hamburg, Alfred S. L. Hu\*, Raymon D. Johnson, William F. Kenkel\*, Robert W. Kiser\*, Stuart M. Klein\*, James A. Knoblett\*, Bruce E. Langlois, Robert G. Lawson, Donald C. Leigh\*, Paul Mandelstam\*, Leslie L. Martin\*, James T. Moore\*, James R. Ogletree\*, Curtis Phipps\*, Nicholas J. Pisacano, Virginia Rogers\*, Gerald I. Roth\*, Donald S. Shannon\*, D. Milton Shuffett\*, Eldon D. Smith\*, Leonard P. Stoltz\*, Robert H. Stroup\*, Thomas B. Stroup, Charles G. Talbert\*, Roy E. Swift\*, Betty A. Taylor\*, Timothy H. Taylor, H. Mac Vandiviere\*, M. Stanley Wall, William S. Ward, David R. Wekstein\*, Harry E. Wheeler\*, William R. Willard, Constance P. Wilson, Miroslava B. Winer\*, Ernest Witte\*.

The minutes of the special meeting of November 29, 1971 were approved as circulated.

Dr. Carl Cone presented a memorial resolution on the death of Dr. A. D. Kirwan with the request that it be incorporated in the minutes of this meeting and that copies be sent to Mrs. Kirwan and to their sons, A. D. Kirwan, Jr., and William E. Kirwan, II. Following the reading of the resolution the Senators and visitors stood for a moment of silence in memory and respect for Dr. Kirwan and in acceptance of the resolution.

Albert Dennis Kirwan

Albert Dennis Kirwan, Professor of History, spent his distinguished career in furthering education in Kentucky where he lived all of his life. He was born in Louisville on December 22, 1904. He attended the Louisville schools and the University of Kentucky where he received his bachelor's degree in 1926. For the next decade he taught

---

\*Absence explained

#One of the attendance sheets could not be accounted for at the close of the meeting; therefore, if we have marked a Senator absent who was, in fact, present, please call Mrs. Shelburne and she will correct the roll.

UNIVERSITY SENATE  
NOVEMBER 29, 1971

AGENDA

1. Visitors?
2. Approval of minutes of the meetings of October 28th and November 8th, 1971 - have been circulated
3. Recommendation that change be approved in the academic calendar of the College of Medicine for the third and fourth year of 1972-73
4. Report favorable action on a proposed change in the Rules of the University Senate to change the marking system for the College of Dentistry to H, P, U designations, effective immediately
5. Report favorable action on an action ballot request to eliminate separate baccalaureate degree designations within the College of Allied Health Professions from the present four degrees to one degree: Bachelor of Health Sciences.
6. Old business  
Parliamentary Procedure proposals circulated to faculty on date of October 6, 1971.
7. Proposal concerning the Thomas Hunt Morgan School of Biological Sciences (circulated under date of November 18, 1971)
8. Proposal concerning the dissolution of the Departments of Botany, Microbiology, and Zoology in the Thomas Hunt Morgan School of Biological Sciences (circulated under date of November 18, 1971)

UNIVERSITY OF KENTUCKY

LEXINGTON, KENTUCKY 40506

DEAN OF ADMISSIONS AND REGISTRAR

November 19, 1971

TO THE UNIVERSITY SENATE

The University Senate will meet in special session at 3:00 p.m., Monday, November 29, 1971, in the Student Center Theatre.

Items on the agenda will include the proposed dissolution of the Departments of Botany, Microbiology and Zoology, circulated under date of November 18, 1971, and the proposal concerning the Thomas Hunt Morgan School of Biological Sciences, also circulated under date of November 18, 1971.

*Elbert W. Ockerman*  
Elbert W. Ockerman  
Secretary, University Senate

SPECIAL MEETING - UNIVERSITY SENATE  
NOVEMBER 29, 1971

AGENDA AND NOTES

1. Visitors -- if no objections, they will be admitted
2. Minutes of the meetings of October 28 and November 8, 1971 -- if no objections or corrections these will stand approved as circulated. (you may wish to note that detailed minutes were made for use by the persons working on the Faculty Code.)
3. Announce a minor change in the academic calendars for the College of Medicine involving starting and ending dates for their third and fourth year students as follows:  
Old Dates were: Third year, 1972-73 : August 7, 1972-June 16, 1973  
Fourth year, 1972-73: June 26, 1972 - June 1, 1973  
New Dates are: Third year, 1972 - 73: July 31, 1972 - June 28, 1973  
Fourth year, 1972 - 73: August 14, 1972 - June 9, 1973

If no objections these will be made a part of today's minutes .

4. Report on action on proposed change in Rules of University Senate to change the marking system for the College of Dentistry to H, P, U, designations, effective immediately. (Ballot totals: 95 in favor of eligible voters; 4 opposed eligible voters; 1 - non-voting in favor of; non-voting opposed - 0.)  
Therefore, the ballot results for this action will become a part of today's official Senate minutes.

5. Report on action ballot on proposed change to eliminate the separate degree designations for the College of Allied Health Professions from present four degrees to one degree: Bachelor of Health Sciences. (Ballot results: Voting FOR: 130; Voting AGAINST: 5; Non-Voting FOR: 3; Non-voting AGAINST: 0.)  
Therefore, this ballot will become a part of today's official minutes with the following implementation proviso approved by the College of Allied Health Professions and the Academic Council for the Medical Center:  
Effective with this coming Spring's Commencement, the Bachelor of Health Sciences will be given, with an option for the presently enrolled juniors and seniors in the College to choose from the other designations. These juniors and seniors will declare the option for this degree in accordance with procedures and dates set by the College of Allied Health Professions. Beginning with 1974 graduates the Bachelor of Health Sciences degree will be the only one given.

AGENDA - UNIVERSITY SENATE  
NOVEMBER 29, 1971

6. Announce Summer Session Load for Graduate Students, forwarded by Dean of Graduate School, to be incorporated into the Rules of the University Senate:

Establishing maximum credit hour loads for graduate students:  
eight-week summer session - 9 credit hours  
six-week summer session - 6 credit hours  
four-week intersession - 4 credit hours  
any combination of the six and eight-week summer sessions - 9 credit hours;

Maximum load for summer and intersession work is 12 credit hours.

(This conforms with recent Senate action for undergraduate students except that the maximum for summer session work is 13 credit hours.)

7. OLD BUSINESS: Parliamentary procedure proposals circulated to faculty under date of October 6, 1971; Section I. B. 2. Meetings (Rules) :

- (1) roll call vote
- (2) tabling

8. New Business:

Proposals concerning Hunt Morgan School of Biological Sciences: circulated under date of November 18, 1971;  
(1) problems of duplicating (went into them for 10 day circulation, but mechanical and other delays kept from being delivered)  
(2) under special meeting Rule: the 10 day circulation requirement is unnecessary. Point is: we tried and if they don't wish to consider them for action, perhaps discussion today and action next meeting, but don't let them table again.  
(3) Paul Sears will explain, you may wish to read and interpret the motions yourself -- (Home Economics specifically, Nutrition and Food Science used to be a part of Agriculture when the biological unit was created. They should be added as part of that group of excluded ones except for crosslisted courses.)

9. Announce that the Senate Council has received 10 copies of the Governing Regulations which may be checked out by individual faculty members on a limited time basis. (these were requested for all faculty at the last meeting relative to the Code -- unable to have everyone a copy -- also, copies are available in deans' offices, educational units, department chairmen's offices.)
