Col. W. J. Mitter.

Dear Brother,

Your note was received late this afternoon, too late to have any conference with Bro Pickett and ^{the} other brethren interested alike with us in the subject of your communication. I cannot of course undertake to speak for them, without such conference, and as you ~~say~~ intimate that you must take action tomorrow, this of course is too short a time, in which to indicate our purposes or wishes. Some of our Brethren are also absent and have not even received the communication which was sent to them. Under this state of case, we can only leave you all to act as you think best in the premises, and with an eye, ^{in trust,} to the glory of God, the peace of Zion, and the law of Christian love. Very truly yours,
W. J. Mitter.
