Two UK instructors view Somalian crisis with great concern

By Noelle Cress Staff Writer

Americans have already started to take stock of what "Operation Restore Irope." the relief effort for the people of Somalia, will entail and how long it might last.

Two UK instructors. Karen Mingst and Nelson Messone, have a keen and educated eye for the events that will undoubtedly make history over the next six months, full gather and Messone said Friday they know this is a new situation or more facility of the control of the control

Mingst and Messone said Friday
they know this is a new situation
for the United Nations, especially
for the United Nations, especially
for the United States.

Mingst, a professor of international law, spent several years in
Africa teaching in its universities
and living with its people. She said
American forces being deployed to
Somalia may not be readly for what
they will see there.

"I think the American forces are
going to be really shocked."
Mingst said. "They have no idea
what they are getting into. You can
tell them objectively, but subjective reality is so different from
what they imagine. They have neverseen this before."

The situation that Mingst refers

The situation that Mingst refers The situation that Mingst refers to is one of a total breakdown of any authority or central government, virtually no food or water, but plenty of AK-47s and bullets.
"It's rather a unique situation in that its the complete breakdown of order," Mingst said. "It's not just

one faction fighting another."

The central Somalian government was overthrown in 1991, and its leader. Mohammed Siad Barre, lede to Kenya. He left behind several high-ranking members of the regime who fought among themselves for power.

Now there are many factions, about seven or eight, and three major warlords vying for power with the use of arms and an even more deadly weapon, food.

Recently in public interviews, two of the major warlords have agreed to cooperate with the effort. However it is doubtful, based on past actions, that they will keep their word.

Messone, a graduate student in

their word.

Messone, a graduate student in
the political science department, is
a native of Gabon on the western
coast of Africa. He is concerned
with the misery and suffering of
his Somali neighbors.

He said coordinators of the U.N.
effort must come to understand the

effort must come to understand the inner workings of the Somalian culture, its reliance on "clanism." One reason for the fighting has to do with the history of family clans. "In the past, you had those small

Law professor Karen Mingst, who spent many years in Africa, and political science graduate student Nelson Messone, an Africa native, have some insight into the conflict in Somalia.

Chad

groups who could fight over some grazing land or water point," Messone said. "The clans you see to day are a combination of politics after independence and that cultural heritage of clanism."

Both Mingst and McSsone were sorted to support the support of the su

Both Mingst and Messone were quick to point out that Sonaila is the last country expected to be so divided. Sonaila is the only country in Africa whose people share the same language, Sonail and the same religion, Islam. The two also agreed about what the United Nations must do to establish control and help the Sonail people for the long term.

COMMENTARY

Deployment steals Dad from family

My father is among the 28,000 military personnel being deployed to Mogadishi, Somalia. He is a licutenant colonel in the Army, and he will be one of the first Army personnel from the 10th Mountain Division at Fort Drum, N.Y., to land in Somalia for the famine relief effort — which means I will not see him before he leaves and he will not be home for Christmas.

I will not see him before he leaves and he will not be home for Christmas.

Although we had discussed over Thanksgiving the possibility that the Division would be going. I had hoped my dad would be allowed to remain in New York.

Even when my morn called me on Tuesday and said things looked very serious and that he may have to go. I still clung to the hope that would not be deployed.

It is rather ironic, being a journalism major, that I learned that my father would hot Priday, the front page of The New York Times had a photograph of 10th Mountain Division soldiers being inoculated for their imminent departure.

That photograph on procked my hopes of

parture.

That photo mocked my hopes of

SHAC holds holiday party for Lexington homeless kids

By Patricia Garcia ontributing Writer

Contributing Writer

Homeless children made picture frames and had their pictures taken with Santa Claus Saturday during a party at the Salvation Army Shelter.

The Christmas celebration was sponsored by the UK Student Health Advisory Council so local homeless children could share the holiday spirit.

This is the first year the Salvation Army joined with SHAC in planning the party. Together, they took monetary donations to put together care packages for the children.

SHAC's members are students who are interested in quality health

Chinese college grads look to stay in America

ByCharlene L. Fu

Associated Press
BEIJING — If Li Gang, a physicist, were back in his native China, he probably would bicycle to an assigned job, live in a two-room apartment and not be able to do the advanced research he enjoys.

Those are some of the reasons why, when he finished his doctorate in the United States in 1989, Li stayed there to do semiconductor research.

China," Li, 32, said in a telephone

mterview.

Recent government efforts to lure
Chinese talent home won't change
his mind, Li said. He does not plan
to come home until China has a
democratic government.

About 110,000 Chinese students have failed to return from foreign studies — two-thirds of 170,000 who have gone abroad since 1978.

After years of denying the brain drain was a problem, the governments has begun an all-out drive to bring brain, he is free to plan his career and say what he likes.

Secret tapes show Nixon wanted to plant literature, article reports

Associated Press

terday.

Nixon and White House counsel
Charles Colson discussed how to
exploit the attempted assassination
for political gain within hours of the
May 15, 1972, shooting, The New
Yorker said in a story released yes-

terday.

They were unable to plant material from Democrat George McGovern's presidential campaign because the FBI moved too quickly in sealing off the apartment of gunman Arthur Bremer, said the magazine article by Seymour M. Hersh.

Colson told The New Yorker that the idea progressed as far as approaching E. Howard Hunt about flying to Mitwaukee where Bremer lived, according to Hersh's article.

Hunt was a retired CIA agent and

Hunt was a retired CIA agent and Colson political operative who served 32 months in prison for the Watergate break-in, which occurred

the month after the Wallace shoot-

the month after the Wallace shooting.

"I don't know which one of us actually said, 'Too bad we can't plant McGowern literature,' "The New Yorker quoted Colson as telling the magazine.

But the tapes show Nixon berated Colson after being told the idea of planting McGovern literature would not work because the FBI had moved too quickly, according to The New Yorker.

Nixon complained on the still-undisclosed tape "about the missed opportunity to damage McGovern," said the article.

Many of the tapes relating to the

opportunity to damage McCovern, said the article.

Many of the tapes relating to the Watergate break-in have been released, but hundreds of additional hours of recordings from the Nixon White House's taping system remain under lock and key at the National Archives. Watergate historian Stanley Kutler has sued archives officials seeking their release, alleging that they relate to the Watergate break-in and other abuses of power. Separately, a federal appeals court ruled last month that Nixon was entitled to be paid for the seizure of White House papers and tapes from his administration.

Nixon lawyer R. Stan Mortenson

declined to comment on The New Yorker story.

According to the magazine, the unreleased tapes also show:

·Businessman Charles G. "Bebe' Rebozo gave the president cash and bought a house for Nixon's younger daughter, Julie, and her husband, David Eisenhower.

*Nixon and White House chief of staff H.R. Haldeman "openly dis-cussed the sale of ambassadorships— to what country, for how much in contributions." Nixon allegedly in contributions." Nixon allegedly insisted that people wanting to serve as ambassador in more desirable posts be told they would lose the job after a year unless they made an additional contribution.

made an adultonia contribution.

Nixon conducted allegedly improper Oval Office discussions with Chief Justice Warren Burger about Watergate and pending Supreme Court cases. Former Nixon aide John Enhrichman told the magazine had first-hand knowledge of the Nixon-Burger conversations, telling The New Yorker, "It bothered me. You be it did."

The New Yorker does not quote rom the unreleased tapes directly.

Check it out in the Kernel Diversions!

'Aladdin' an enchanting animated carpet ride

liams Walt Disney Pictures By Nina Davidson Staff Critic

Disney is not just for kids anymore. The new Disney release "Aladdin" is guaranteed to appeal to all ages, like those Bugs Bunny cartoons that were funny when you were a kid and are even better now that you get the subtle gags aimed at adults.

at adults.

Kids will enjoy the magical story line about Aladdin, a street thief who discovers an enchanted lamp and a magic earpet. With the help of the carpet and the Genie of the lamp, he manages to win the heart of the Princess Jasmine despite his humble origins.

MOVIE REVIEW

power of the lamp to himself, but, of course, he ultimately fails.

After all, good always triumphs over evil in Disney films.

Adults will love the Genie of the lamp, with the voice provided by Robin Williams. Williams is hilarious as the flamboyant Genie.

His comic delivery is perfectly suited to the quicksilver changes the Genie makes in mood and appear-ance. The Genie metamorphoses from a game show host to Jack Nicholson to fellow cartoon charac-ter Stimpy all in the space of one scene.

His dizzying transformations keep the audience guessing who he'll impersonate next.

While the Genie is a remarkably

original character, the main charac-ters leave something to be desired. Aladdin looks just like Prince Eric ("The Little Mermaid") with a tan, while the Sultan strongly resembles Belle's father ("Beauty and the Beast") with a turban on his head.

However, the depth of characterization found in "Beauty and the Beast" is lacking in "Aladdin." Belle and the Beast are shown slowly falling in love, so their characters are given plenty of time to develop.

Aladdin and Princess Jasmine do the standard love-at-first-sight trick, and the rest of the movie is spent on action and adventure. This is not necessarily bad. It just gives "Alad-din" a different feel.

The animation as a whole is excellent. The sequences in the Cave of Wonders, where Aladdin finds the lamp, are truly spectacular.

The magic carpet has let the Dis

The carpet careens through the Cave of Wonders, and then in another scene dips and twirls through the clouds, making it seem almost like an IMAX theater.

The magic carpet is just one of Aladdin's many sidekicks. His other friend is Abu, a mischievous monkey. Abu is cleverly animated so that he is remarkably expressive considering he never really speaks.

"Aladdin" is destined to become another Disney classic. Robin Wil-liams' performance alone makes the movie worthwhile, but the film also has many other merits such as the incredible animation.

"Aladdin," rated G, is showing at Lexington Green and Man o' War Movies 8.

Rupp Arena a true force on play of first-timers

Martice Moore learned one of the basics of big-time college basket-ball Saturday night: Playing your first game at Rupp Arena is a numbing experience of both mind and body, one that can turn your skin pale white, like Bobby Cremins' Cloroxed hairdo.

It's as nerve-wracking as trying to steer your car on a thick sheet of ice. Twenty-four thousand finger-pointin', trash-talkin' fans directing their less-than-pleasant verbiage at you is not something a normal person desires less than a week after his 18th birthday.

Your senses short-circuit. Your brain takes a coffee break. You lose control of your appendages. You

Your senses short-circuit. Your brain takes a coffee break. You lose control of your appendages. You have as much chance of squeezing our first bounce pass from a teammate as you have squeezing champagen from a cow.

So, when the stender 6-foot-7-inch freshman guard had his share of fender-benders Saturday in his college debut (You don't call Florida A&M a real opponent, do you; it was for the most part an inevitability, an expectation.

Moore scratched the paint, denice the car, and almost totalled it in his first spin at the Rupp 500.

He graded his own test and promptly gave himself an "F." Seven points, four rebounds, five assists and four turnovers in 26 minutes, 32 seconds of play.

It happens to the best of them. "He's just a freshman," said Jamal Mashburn, whose 27 points ided UK's Rodrick Rhodes and Georgia Tech's Travis Best for game-high honors. "It was rough for me in my first game. It's a nervous experience."

Until Saturday, Moore, who played for the No. 5 high school team in the country last season, had not yet encountered such an experience.

Oak Hill Academy, his alma mat-

ence.
Oak Hill Academy, his alma mater, finished 32-2 and had five high school All-Americans in its starting

lineup.
Winning was a given. Winning easy was a given. Not being guard-

easy was a given. Not being guard-ed was a given.

He was hounded Saturday by none other than Dale Brown, UK's designated defensive stopper, which didn't do much to salve his already queaxy stomach. ESI'N's broadcast-ing the game live didn't exactly help, either.

"You know, being on national TY, it's kind of like a debut to the country," a dejected Moore said lat-er.

Therein lies the primary reason for his lackluster performance Sat-irday night and his lemonlike num-Moore came out with the engine

revving, hoping to show the nation and his mom back in Atlanta that he could go hooping with the best of them.

could go hooping with the best of them.

It wasn't that he didn't possess the horsepower. It was a case of using too much gas too soon.

"I think I was overly excited about this game," he said. "It wasn't a pressure thing, It was na narkety thing.

"I rushed a few shots, shots that I normally take my time and make. But under double-digits (in scoring), that's not something you're going to see from me often."

He said he could not remember his last single-digit outing.

It happens to the best of them.

"Tonight just wasn't his night."

"But Beer is the best of them."

"He got a little frustrated, and I was trying to tell him, 'Don't worry about it. Just keep it up and doing what you're doing, and everything'll be all right."

"But he's young. I hink he'll se whole lot better as the year progresses."

With his former McDonald's All-

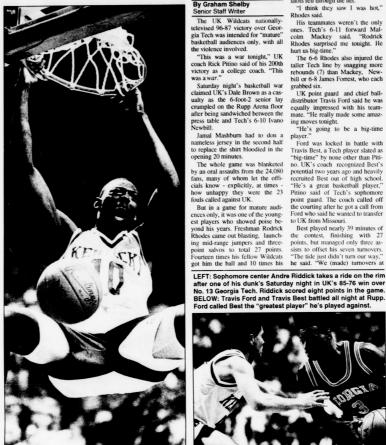

gresses."
With his former McDonald's All-With his former McDonaid's Ail-America teammate Rhodes having the best night of his budding Wild-cats career thus far, tossing in 27 points on 10-of-14 shooting and four three-pointers, there was even more reason for Moore to grumble. And, the freshman that he is, grum-ble he did.

"This is probably the worst that I

Cats knock off Georgia Tech 96-87 in war

The UK Wildcats nationally televised 96-87 victory over Geor gia Tech was intended for "mature" basketball audiences only, with all the violence involved.

"This was a war tonight," UK coach Rick Pitino said of his 200th victory as a college coach. "This was a war."

victory as a college coach. "This was a war."

Saturday night's basketball war claimed UK's Dale Brown as a casualty as the 6-foot-2 senior lay crumpled on the Rupp Arena floor after being sandwiched between the press table and Tech's 6-10 I vann Newbill.

Jamal Mashburn had to don anameless jersey in the second half to replace the shirt bloodied in the opening 20 minutes.

The whole game was blanketed by an oral assaults from the 24,080 fans, many of whom let the officials know - explicitly, at timeshow unhappy they were the 23 fouls called against UK.

But in a game for mature audi-

fouls called against UK.
But in a game for mature audiences only, it was one of the youngest players who showed poise beyond his years. Freshman Rodrick
Rhodes came out blasting, Jaunching mid-range jumpers and threepoint salvos to total 27 points.
Fourteen times his fellow Wildcast
got him the ball and 10 times his

shots fell through the net.
"I think they saw I was hot,"
Rhodes said.
His teammates weren't the only
ones. Tech's 6-11 forward Malcolim Mackey said. "Rodrick
Rhodes surprised me tonight. He
hurt us big-time."

The 6-6 Rhodes also injured the
taller Tech line by snagging more
rebounds (7) than Mackey, Newbill of 6-8 James Forrest, who each
grabbed six.

of the case of the

"He's going to be a big-time

player."
Ford was locked in battle with Ford was locked in battle with Travis Best, a Tech player slated as "big-time" by none other than Pitino. UK's coach recognized Best's potential two years ago and heavily recruited Best out of high school with a best of the point guard. The coach called off the courting after he got a call from Ford who said he wanted to transfer to UK from Missouri. Best played nearly 39 minutes of the contest, finishing with 27 points, but managed only three assists to offset his seven turnovers. The tide just didn't turn our way."

"The tide just didn't turn our way," he said. "We (made) turnovers at

some bad times."

Bad times, like losing the in-bounds pass after a UK basket and allowing Jeff Brassow's three-pointer to stretch the Cats' advan-tage to 35-23 midway through the first half. UK never trailed, didn't give the Yellow Jackets time to capture the lead.

give the Yellow Jackes time to capture the lead.

After the 14-minute mark of the first half. Tech could get no closer than five as UK clutched onto a lead that swelled to 15 points twice during the second half. Once on a tomahawk dunk by Rodney Dent and another time on a 3-ft. bank shot by Mashburn.

The junior shook off the scoring problems the plagued him in the season opener against Wright St. (10 points) to the Rhodes for high bonors with 27 points in game no. 2, despite being resigned to the bench with foul trouble for 13 minutes of the game.

The projected NBA lottery pick still had trouble finding the basket, hitting the mark only 11 times in 27 attempts. Pitino said the team's most experienced player showed signs of his own maturity. He could we gotten very frustrated tonight. Tinstead, the 6-8 forward stayed calm and kept shooting. "Anytime you have 27 (points) in 27 minutes." Pitino said, you'r elpainuest."

Lady Kats take tournament title

By Lance Williams Staff Writer

Staff Writer

With 12:21 left in the second half of the championship game of the LKIT Saturday afterneon, Connecticut senior and pre-season All-American pick Rebecca Lobs stepped beyond the three-point line and hit a basket to pull the No. 21 Lady Huskies within one point of the host Lady Kats.

Fourteen seconds later, Lobo picked up her fourth foul, As she sat down, the look of frustration from her and her teammates told the story. UConn was not going to win this game.

Meanwhile, the Lady Kats were

When the dust had settled, the Lady Kats were 21 point victors and winners of their tournament.

Lady Kats were 21 point victors and winners of their tournament.
"Throughout the game, 1 think you saw a fire and determination from everybody. I think that's what kept everybody going." said Jocelyn Mills, who won her second LKIT Most Valuable Player award in the past three years.
"With 10 minutes in the second half gone, that's where some of the time should take its toll," Lady Kats coach Sharon Fanning said.

The 75-54 win was significant, not only because the Lady Kats knocked off a ranked team, but also because of the fashion in which they did it. The players remembered last year's 81-53 loss to UConn at Connecticut.
"To lose a game like that makes you wonder about your talent, and to come into this game and win one like this, we have no more doubts. We know we are capable," Mills said.

In the first half, the Lady Kats.

said.

In the first half, the Lady Kats didn't play to the level the final score indicated. Offensively, UK could do nothing right. Its 22 percent shooting from the field included 3-for-13 shooting from three-point range and several airballs from inside the paint.

Liberty, UK split pair at ice center

The Liberty Flames came to Lex-ington as the nation's No. 2 Divi-sion II club hockey team. They were undefeated and riding a wave

of consistency.

But their games against the Cool
Cats over the weekend differed like
night and day.

Friday was a classic match, end-

night and day.

Friday was a classic match, ending with UK winning its first home game, 5-4. Saturday's game, however, was an old-fashioned blowout by the visiting Flames, 7-1.

The small crowd that came out Friday saw three intense periods of physical play with a thrilling ending. Senior defender Nick Pelligreen blasted a shot past Liberty goaltender Bill Holliday with 57 seconds left to put UK ahead.

The Coel Cats took the lead early on a goal by right wing Mike Wolf five minutes into the game. But sloppy passing and shaky defense allowed Liberty to score two quick goals in the closing minutes of the first period for a 2-1 lead at the first break.

first period for a 2-1 lead at the first break.
Wingmen Pat Fortier and Paul Certahona scored goals for UK in the second period, both coming on powerful shots from the blue line.
Cerabona's goal, at the 1:14 mark, put the Cool Cats ahead 3-2. But the lead was short lived as Liberty scored just 20 seconds later. Senior Jason Smithwick put the Cool Cats ahead early in the final period off a rebound of a missed shot. The lead lasted nearly nine minutes, before Liberty defender Kent McCollough tied the score on a shot from his point position.
The teams then fought up and down the ice for the winning goal. There were several powerful shots and hard hits from each team leading up to Pelligreen's tie-breaking score.

Liberty pulled its goalie in an at-tempt to salvage a tie during the fi-nal minute, but Cool Cats goalkeep-

UK baseball signs nine recruits

Staff reports

UK baseball coach Keith Madison has announced the signings of nine recruits during the fall early signing period.

"I can't imagine many Division I schools in America having a better recruiting class than this one." Madison said. "We anuicipate all of these recruits being selected by pro teams in this June's draft, but all of them have indicated that a college education is very important."

The nine recruits include three pitchers and six position players:
Lexington native Curits Whitney, a right-handed pitcher at Largette High School, was 12-0 with 120 strikeouts in 74 innings pitched as a junior last season for the nationally ranked (23rd) Generals. He was 8-1 his sophomore season.

Whitney also was wooed by

son. Whitney also was wooed by Clemson and Georgia Tech.

*Chad Green, a three-sport star at Mentor High School in Mentor. Ohio, is expected to play outfield for U.K. He said he choes baseball over basketball and football because he thought his professional chances were better in baseball.

Green chose the Cats over Clem-on, North Carolina State and Pur-

due.

Jared Camp of Huntington, W.
Va., is a 6-foot-1, 170 pound right-hander who struck out 110 batters in 70 innings en route to a 9-2 record his junior year. He was an honorable mention All-State selec-

Camp was also recruited by Virginia Tech and Virginia.

The third pitcher coming to UK in 1993-94 is John Stratman, a left-hander from St. Xavier High School in Louisville, Ky. As a junior, Stratman compiled a 3-2 record and 1.90 ERA. As a sophomore, he was a perfect 8-0.

Bellarmine, Morehead State, Notre Dame, Tennessee, Evansville, Mississippi State and Virginia Commonwealth also recruited Stratman.

•Matt Farner, a left-handed out-•Matt Famer, a left-handed out-fielder from Enola, Penn., batted 411 with 13 RBI and three home-runs as a junior for East Pennsboro High School.

Farner chose UK over Oklahoma State, James Madison and Notre Dame.

State, James Madison and Notre
Dame.

Derek Root, a left-handed first
baseman from Lakewood, Ohio, hit
393 with seven doubles, four
nomeruns and 31 RBI for St. Edward High School last season.

Miami (Fla) and Kent State also
were after Root.

-Etienne Hightower, a righthanded outfielder from Pittsburgh,
hit 377 with two homeruns and 10
RBI, He also hit, 500 in 20 at bats.
Hightower selected the Cats over
Auburn, Central Florida, South
Florida and Florida State.

Peace

Third World spokesman.

To dilute "northern" power in the To dilute "northern" power in the Soft Asia, Africa and Latin America are demanding a makeover of the aging U.N. structure.

In a world once spill between East and West, a new North-South divide may soon open up, beginning in mankind's debating half of the East River.

The United Nations has been in

the "peacekeeping" business — keeping watch on truces — since 1948. The United Nations has been in

But only lately, as the Cold War thawed, did business get brisk. Today, more than 40,000 blue-helmeted troops from 61 nations are doing U.N duty in a dozen op-erations on four continents. They have become more than truce ob-servers: In El Salvador, for exam-ple, they are monitoring human rights, and in chaotic Somalia thou-sands of soldiers, Americans and others, may soon be delivering food to the starvine.

others, may soon be delivering food to the starving.

In Cambodia, after 13 years of civil war, the United Nations has taken on its biggest job, trying to disam four armies, organize decitions and, in effect, run the country. But the 17,000-member U.N. contingent has hit a major obstacle: The Khmer Rouge guernila group refuses to disarm.

Eigenberg on, the retailities of

The Khmer Rouge guerntal group refuses to disacn. He realities of war, politics and money are hobbling a revived United Nations. In disintegrating Yugoslavia, for example, U.N. peacekeepers hunder down amid ethnic warfare while the big powers agonize over taking tougher U.N. action. At New York headquarters, U.N. members are S844 million in arrears in peacekeeping contributions. Auditors, meanwhile, tell of waste in peace operations.

Against this troubled back-

push back all-out aggressors, he says, U.N. member states should at least take the half-step of authoriz-ing military action to restore broken cease-fires. ground, President Bush, Russia's Boris Yeltsin and other leaders met last January in the first summit con-ference of the 15 Security Council nations and asked Boutros-Ghali to His approaches would nudge

the U.N. Charter's Article 43, which in 1945 asked governments to formally commit specific military forces for U.N. call-up. Boutros-Ghali recommends that such Article 43 agreements, a paper dream for 47 years, finally be negotiated to give the Security Council a permanent standby force to fight ageression.

Until they establish forces to

nations and asked Boutros-Ghali to draft a plan for a stronger U.N. mil-itary role. Five months later, he pro-duced his "Agenda for Peace." The secretary-general's plan prontes financial reforms guarantee-ing a cash flow for peacekeeping, and more active U.N. diplomacy in heading off conflicts. But at its controversial heart lies to U.N. Chatter's Article 43, J.N. peacekeeping permanently into the field of battle for the first

into the field of battle for the first time.

Although the U.S.-led Gulf War coulding of 1991 had the Security Council's blessing, it was not a U.N. operation.

Others have more detailed plans. The private U.N. Association of the USA proposes three tiers: a few thousand clite troops from one or two nations under permanent U.N. command, backed up by a rapid deployment force of tens of thousands on call from a few nations, backed up further by larger contingency forces available from many countries.

tries.

The Bush administration reacted

cautiously to Boutros-Ghali's call for Article 43 commitments.

But Clinton told the U.N. Association he favors exploring the possibility of a U.N. rapid deployment force. "We must do more than talk about a new world order," he said. Now, said a key ambassador, "everyone at the U.N. is waiting for Clinton. The Clinton people seem to have an optimistic, helpful view."

Support can be found in surpris-

Some say the U.S. military will always resist putting its troops under multinational command, but a former U.S. Army chief of staff dismisses that

misses that.

Such U.N. operations are "going to be one of the central roles of all forces, but particularly U.S. forces, because of what U.S. forces can do," said retired Gen. Edward Meyer, who helped develop the U.N.

Association plan.
A veteran Finnish peacekeeping

A veteran Finnish peacekeeping commander agreed.

"The world has changed." Lt. Gen. Gustav Hagglund, now Finland's chief of staff, said in a telephone interview from Helsinki. "There's a much wider consensus that conflicts should be limited before they get out of hand."

On the floor of the U.N. General Acceptible, such members as Bussia Acceptible, such members as Bussia Acceptible, such members as Bussia

On the floor of the U.N. General Assembly, such members as Russia, France and Israel have endorsed the core of Boutros-Ghali's proposals. France offered 1,000 standby troops immediately.

The French U.N. ambassador, Lean-Bernard Merimee, said U.N. forces ought to move into Somalia in a big way, to suppress the clan wars and alleviate the famine there. "The same thing could well hap-"

in a big way, w suppressions and alleviate the famine there.

"The same thing could well happen elsewhere," he said in an interview. "And the question is: Will the U.N. be up to the task?"

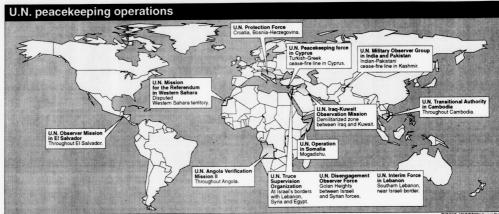

Support may appear broad, but a large bloc stands in the way.

Third Worlders fear a United Na-tions dominated by big powers would order "unjust interventions," said Indonesia's Nugroho, whose country leads the 108-nation Non-Aligned Movement.

"Until there is a more democratic scheme of things in the United Na-tions, then it's difficult for us to ac-cept a more far-reaching military role," he said.

The South wants some of its giants — India, Brazil and Nigeria, for example — to get permanent Security Council seats.

Meanwhile, Nugroho said, the Council should at least consult more closely with the 179-member General Assembly on intervention questions

UK

"I'm hoping that ... the people in Somalia will be briefed as to what the troops are coming for," Messone said. "It could be done through radio or by dropping leafles." Messone said the believes this would help get cooperation from the warring factions. Once these factions are under control it will be horder for countries to smuele factions are under control it will be harder for countries to smuggle weapons to Somalia and easier for the many non-governmental organi-zations and the U.N. forces to distribute food to the staving. But that in itself will not be easy. "It's one thing to get the food to the locations," Mingst said. "Then you're going to have to belp distri-bution in those places. This is not a

society where that is easy. Interstate 75 doesn't run through it."

Mingst also warned people not to expect a quick fix situation.

"We cannot do this in terms of having a relief effort and then in two months just leave," she said.

President Bush has pledged to give the operation to the United Nations as soon as relief workers "could work in peace."

Bush said in a televised address

tions as soon as relief workers "could work in peace."

Bush said in a televised address friday that the United States is the only country that could inspire a collective effort. Mingst and Messone said they hope he is right.

"The thing people need to understand is that this is not going to be an invasion of South Africa by Americans," Messone said. "It might seem as much because of American leadership in the United Nations, but this is going to be a U.N.-led operation."

"I think it's important to have Aircian countries in this effort," Mingst added. "There is a symbol there that is very important."

for students in: • A&S • B&E

Kenya, Nigeria and Zimbabwe also have offered troops.

The mission also causes controversy because of the shadow it casts on the conflict in Bosnia-Herzegovina.

Herzegovine.

Some critics say the United States only chose to dispatch troops to Somalia because it is seen as an easily solved problem.

"The kind of military actions you might take in Somalia will be very different from what you would be able to accomplish in Bosnia.

"The sheer suffering and misery you have in Somalia is a whole different matter. The urgency is more present."

Urgency is an accurate word. Some non-governmental organiza-tions estimate more than 1 million tions estimate more than 1 million Somalis have been wiped out by fa-mine and more than 1.5 million more are in danger of dying from disease and starvation. "The U.N. strategy has to be one that is direct humanitarian aid

my father being home safe for

hristmas.

I called my dad at work Friday fternoon and cried. I knew I was I called my dad at work Friday aftermoon and cried. I knew I was not helping the situation by crying, but at that moment I did not care that I was being selfish. I wanted my dad to be home when I was home. Christmas is not Christmas without him.

After talking to both of my parents, I decided to learn more about the conditions in Somalia. Like many people, I knew of the massive famine and the two warring factions that have left the nation politically unstable.

What I was not aware of was that in some cities up to 100 people die a day from disease and hunger. I also learned that of the hundreds of tons of food that have been sent to help relieve the suffering, of which 80 percent has been seized by the factions for their soldiers.

When I finished reading the sto-ries on Somalia, I turned on CNN. Seeing children who look like con-centration camp victims and who do not have enough energy to swat at the flies that swarm around their stanged bedies warm around their

do not have enough energy to swat at the flies that swarm around their starved bodies was enough to remind me of my selfishness.

The Somalis need my dad and the other soldiers who also will be deployed to Somalia for the famine relief effort.

I called home that night and talked with my dad again, and this time I was calmer. We talked about what he would be doing there and how soon he would be home. I did not cry this time.

Though Christmas will not be the same without my dad, he is doing his job by helping those who need him. And when I miss him and begin to whine the age-old "Why did my dad have to go?" I will think about all the good he is doing in Somalia and how proud I am of him.

Grossmann added that just as Lexington was not directly affected by the Los Angeles riots, not all of Germany is being affected by the neo-Nazi riots.

The declining economy may be one reason why the neo-Nazis are rioting against foreigners, Siebels

"The economy is declining all "The economy is declining all through Germany, and the Germans seem to feel (foreigners) steal the jobs," he said. "I can understand that some people don't like it that all the foreigners are coming in, but I definitely don't understand the re-

"I disagree with the reaction."

"I disagree with the reaction."

Foreigners find a big advantage
by coming to West Germany,
Grossmann said. He said in some
parts of Eastern Europe, people
may only make \$50 a month, but in
West Germany they may make

\$1,000 to \$2,000 a month.

\$1,000 to \$2,000 a month.

He said the reunification of Germany caused some of the tension in
Germany. "In East Germany before
reunification, there were not many
foreigners, and now the people in
East Germany see that the foreign
people in West Germany have
more money than the people in East
Germany."

Another problem that exists with the riots is the punishment from the German government. "At the mo-ment, I don't think the punishment

ment, I don't think the punishment is hard enough to prevent people from doing things like that," Grossmann said.

He said because of the young ages of the people involved it is hard for the courts to punish the people severely.

Grossmann said the problems with the neo-Nazis increased with the reunification, though he still believes the reunification was a positive move.

"I think nearly all Germans think "I think nearly an Octmans unit that the system, the democratic sys tem, in Germany is good."

President-elect prepares to make appointments

By John King Associated Press

LITTLE ROCK, Ark. — President-elect Clinton hopes to convince House freshmen they are matural allies for change," a senior adviser said yesterday as Clinton prepared to court Congress and make his first major administration appointments.

make his first major administration appointments.

Clinton attended services at Immanuel Baptist Church, waving to reporters but saying nothing about what looks like a busy week. It poens with a two-day visit to Washington, via Illinois, and is likely to michuled Chinon's resignation as Arkansas governor and several appointments.

In Illinois — a critical state in both his primary and general election strategies — Clinton will hold a town hall style meeting with students and teachers at a Chicago community college.

"He looks forward to talking to the students about their educational

"He tooks forward to talking to the students about their educational opportunity and job prospects and how the right training can lead to the right job." Clinton communica-tions director George Stephanopou-los said.

los said.

In Washington, Clinton's schedule includes sessions with House Democrats as a group, as well as the House and Senate Democratic

the House and Senate Democrate committee chairmen who will have a major say in Clinton's success on Capitol Hill.

Also included is a meeting with the 110 newly elected House mem-bers at which aides said Clinton will appeal for support for his eco-nomic and political reform pro-grams.

grans.
"They are all part of the same moment in history and President-elect Clinton wants them to know he wants to listen to them and work with them," Stephanopoulos said. "They were elected on the same message he ran on and he hopes they will be natural allies for change and progress and reform from the beginning," said Bruce Lindsey, a Clinton confidante and member of his inner transition circle.

member of his inner transaction cicle.

Clinton could resign as governor as early as Wednesday. No date had been set as of yesterday, aides said, but several said they believed Clinton would wait until Thursday to name his treasury secretary and perpaga a few additional members of bis economic team. Texas Sen. Lloyd Bentsen is Clinton's choice for the Treasury post, according to gransition and Democratic sources.

Read the Kernel

CLINTON

Another Cabinet post where Clinton is said to be near making an appointment is Health and Hu-man Services secretary, according to advisers, as well as the heads of the Energy, Interior and Environ-mental Protection Agency.

mental Protection Agency.

"I think you will see a series of appointments beginning this week," said one senior Clinton aide. Anjewicker, predicted only a few more next week. With the exception of Bentsen, Clinton's search has been highly secretive, with many of the prospects interviewed for Cabinet posts waiting to hear from the president-elect.
"I don't have a clue what is hap-

"I don't have a clue what is hap-pening," one prospect said yester-day, insisting on anonymity. "The talk is it will break soon, but who knows."

Clinton has promised to resign before a special state legislative session tentatively set to begin Dec. 14. Aides said Wednesday and Thursday were the target dates, depending on when Clinton makes the administration appointments.

The legislative session is set to begin the same day as Clinton's economic conference, a gathering of business, labor, industry and academic leaders to present Clinton with views on the economy. More than 200 invitations have been sent for the two-day meeting.

care and health education. The or-ganization acts as a liaison be-tween the UK Student Health Ser-vice and the student body. SHAC also carries out various communi-

vice and the student body. SHAC also carries out various community service projects.

Shaun Spencer, a psychology senior and one of the party organizers, said she got the idea of having a Christmas party for the children from the time she spent as a member of the Red Cross Youth Council in Louisville, Ky, "The homeless kids are really forgotten the most around Christmas time," she said.

Donations for the party came from several individuals, campus Control of the Con

The parents did receive care packages that contained personal hygiene items.

Cupcakes and punch were

After Santa read "T'was the Night Before Christmas," presents were handed out. Families were asked to fill out a wish list with their children before the party.

Sophomore Amy Williams, an organizer of the event, said the party was a great success and the best part was seeing the kids faces light up when they opened their presents.

"It was a really rewarding expe-

rience," she said. "It's nice to do something for underprivileged people who can't help them-selves."

Laneka Moore, 10, and her sister Alicia, 12, had a good time. Alicia liked the cupcakes best, and Laneka said "hearing Santa read a story" was her favorite part. Both girls live at the Salvation Army shelter with their mother.

Jackie Duffy lives at the shelter

Try new notetaking strategies before using tape recorder

Dear Counselor:
My class notes are sloppy, and even I have trouble reading them. I also have trouble knowing what is most important to write down.
I am thinking of buying a tape recorder so I can listen to the lecture after class and fill in the notes. I have missed.

in the notes in the satisfied and money and that I should learn to take good notes without a tape recorder. What is your opinion? Lisa Sophomore

Dear Lisa:

I generally agree with your friend that students do not need to tape lectures to take good notes. In fact, I think tape recorders often discourage students from making the best use of class time.

When using a tape recorder, stu-dents may be more passive and less

alert during the lecture, thus miss-ing classroom clues about the im-portance of information being pre-sented. And listening to a lecture again does require extra time that could be spent in reviewing the notes you h33ave taken in class.

notes you h33ave taken in class.

Certainly there are exceptions —
e.g., instructors that speak very fast
and cover a lot of material, and
classes that are extremely challenging because your background is
limited. I suggest, however, that
you consider the following suggestions before you buy a tape recorder.

BEFORE CLASS:

Be sure you are prepared for class. Do your homework. Read your assignment.

This gives you a much better chance of anticipating what the teacher will be discussing. As a result, you will be able to better un-

Inis will increase your concentration and also allow you to begin the sorting the major points of the lecture.

Do what you can to be physically and mentally alert in class. (Sufficient sleep the night before is a big help!)

Sit on the front row or at least

•Arrive for class early enough to do a quick review of your previous

notes.

DURING CLASS:

I suggest you become a Sherlock
Holmes during class. Watch for
clues to what is most important.
What are the major points? What
are possible test questions?

Especially note: What the teachresses is important. What the

respectation follows: What the eacher says is important. What the teacher puts on the board is important.

In other words observe and listen closely. According to Gordon

Green, in Getting Straight 'A's, "The most effective way to become a good listener is to take good notes, and the way to take good notes is to be a good listener.

"In other words, taking good notes and becoming a good listener go hand-in-hand."

•Also consider using the Cornell or Dual-column format for taking or Dual-column format for taking notes. You can buy special notepa-per at the bookstores for this sys-tem, or you can use regular notepa-per and draw a vertical line the length of the paper to divide one-third of the paper at the left of the line and two-thirds at the right of the margin.

the margin.

Take your notes in the right hand margin. Use an indent format as much as possible. The more you can sort out the major points from the supporting ideas and evidence during the lecture, the better.

After class is over, look for the major points of the lecture and turn

them into questions. Write these questions in the left hand column. Use these questions to review your

If you can't remember these questions, refer to your notes. If you can't answer the questions, refer to your notes in the right hand column for the answers.

At the end of your lecture notes draw a horizontal line and write a summary of the major points of the lecture. Generally, you should be able to do this in three to five sentences.

AFTER CLASS:

AFTER CLASS:

Don't underestimate the importance of reviewing and reworking
your notes as soon as possible after
class — at least within 24 hours. By
reviewing your notes immediately,
you will still remember much of
what was said in class and it will be
easy to fill in gaps and details.

This is the time to rework your.

This is the time to rework your notes so you can read and under-

Research shows that you are likely to forget 50 percent or more of anything you learn if you do not review it within 24 hours. Reviewing notes soon after you take them will help you prepare for your next test.

If you apply these notetaking strategies, you should not find it necessary to use a tape recorder in class. If you would like help with notetaking or other study skills, come to 201 Frazee Hall and enroll in the workshop "Notetaking Techniques" to be held on Feb. 13, 1-1:50 p.m.

Individual academic counseling also is available by calling 257-8701 for an appointment.

Students who wish to address these issues can come by the UK Counseling and Testing Center, 301 Frazee Hall, or call 257-8701.

noting that the changed policies still

noting that the changed policies still cannot bring working conditions for intellectuals up to Western levels. Also, they have become accus-tomed to speaking their minds and exercising other personal freedoms. Many said television images of tanks rolling down Beijing streets in June 1989 to crush the student-led democracy movement were a major factor in their decision to stay abroad.

abroad.

"After the June 4th affair, the Tiananmen massacre, I decided I would not go back to China, at leas not in the near future," Li said. "Be

not in the near future," Li said. "Be-fore that, it was an open question." Many students took part in anti-government protests abroad in 1989 and feared punishment upon return. The recent arrest and deportation of Shen Tong revived those fears. Shen fled China after the collapse of the 1989 demonstrations he helped lead, but returned in August to continue pro-democracy activi-ties.

ties.

Most Western governments have been willing to let Chinese students stay in their countries. President Bush signed a law in October that virtually guarantees permanent residually guarantees permanent residually guarantees. virtually guarantees permanent residence to the 70,000 who were in the United States between June 4, 1989

***** *******

and April 11, 1990.

and April 11, 1990.

Not all Chinese students have taken advantage of the offers. Approximately 60,000 have returned since 1978, but they tend to be older and have degrees in law, politics or other social sciences. Fewer jobs are available to them in the West, and language and culture are bigger barriers.

Yang Yang, a former government employee who earned a master's degree in public administration at Harvard University, said he did not want to start his career all over again in the United States in his late 30s.

"If I should start somewhere in the U.S. from the bottom up, climb-ing the ladder, competing with young Americans 25 years old, to me it's not acceptable psychologi-cally," he said.

When he got home in 1990, Yang returned to his old job, but was able to leave it and now is vice president of China International Intelletech Co., which helps foreign companies find Chinese managers and techni-cal personnel.

He and other returnees say the political climate will improve with time, and that students who stay abroad are missing an exciting peri-od of China's development.

"If they delay for three or five years, they will be outsiders," Yang said.
